Proposed No. 80-446

MOTION NO. 4850

A MOTION authorizing the King County Executive to enter into agreements with the U.S. Soil Conservation Service related to the financing and construction of the Black River Outlet Channel; part of the East Side Green River Watershed Project.

WHEREAS, King County the Green River Flood Control Zone District, the cities of Auburn, Kent, Renton and Tukwila, and the King County Conservation District are local sponsors of the East Side Green River Watershed Project planned by the Soil Conservation Service under Public Law 566; and

WHEREAS, the Soil Conservation Service has completed a Revised Watershed Plan for the East Side Project which has been approved by King County (Motion 4707) and all other project sponsors; and

WHEREAS, detailed engineering drawings and landscaping plans have been prepared for the Black River Outlet Channel which is proposed as the first phase of project construction in the summer of 1980; and

WHEREAS, the Soil Conservation Service requires that prior to construction the local sponsors certify by agreement that they have completed local responsibilities of acquiring necessary right-of-way and permits and agree to assume responsibility for specified local costs and ongoing operation and maintenance; and

WHEREAS, the Soil Conservation Service in consideration of those local commitments will federally fund 100 percent of project construction costs; and

WHEREAS, King County has completed required permit and right-of-way acquisitions and has appropriated County-wide flood control bond funds sufficient to meet the local costs of the project; and

WHEREAS, the local sponsors through the Green River Basin Executive Committee have agreed that funding for the Black River Outlet Channel project from County-wide bond funds is eligible for reimbursement from revenue generated from the financial program established to fund the remainder of the East Side Watershed Project; and
