Introduced by: Nickels

Proposed No.: 93-64

MOTION NO. 888.9

A MOTION authorizing the free disposal of yard waste and debris resulting from the windstorm of January 20, 1993.

WHEREAS, King County experienced an unusually destructive windstorm on January 20, 1993, causing significant damage to homes and other property, and

WHEREAS, disposal of waste material resulting from the storm at normal disposal fees would cause financial hardship for many property owners, and

WHEREAS, the solid waste division has facilities specifically designed to accept yard waste for recycling, thus avoiding the need to use valuable space at Cedar Hills Landfill for yard waste, and

WHEREAS, all of King County will benefit from the cleanup of damage caused by the storm;

NOW, THEREFORE BE IT MOVED by the Council of King County:

A. The King County council hereby temporarily eliminates solid waste disposal fees for noncommercial haulers for yard waste and debris related to damage from the storm of January 20, 1993.

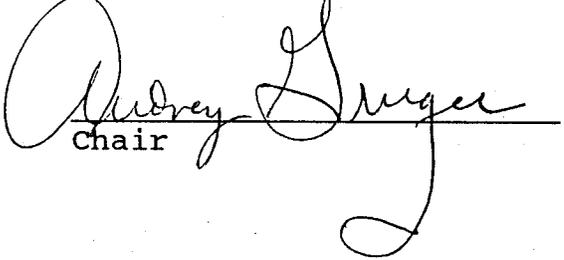

B. The King County council encourages the public to take yard waste to the following facilities, where it will be available for recycling: First Northeast Transfer Station, Houghton Transfer Station, Factoria Transfer Station (6 p.m. - 1 a.m. only), Cedar Falls Drop Box, Hobart Landfill and Vashon Landfill.

C. Limits on the size of yard waste accepted by all county facilities are temporarily eliminated.

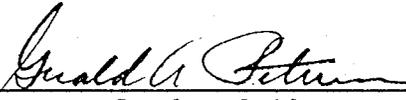

1 D. These actions are authorized only from January 26  
2 through February 7, 1993, at which time disposal fees and  
3 restrictions shall return to normal.

4 PASSED this 25<sup>th</sup> day of January, 1993.
