

Introduced by: Councilwoman Stern

~~PROPOSED~~ MOTION: 424

In accordance with the objectives of Ordinance 263 to comprehensively plan for and draft statements and maps of land use policy, the Environmental Development Commission and Department of Planning have initiated area zoning studies for the Bear Creek area. The King County Council hereby concurs with the concept that the Environmental Development Commission will maximize the citizen viewpoint and will provide guidelines for area zoning recommendations. The King County Council further concurs in the Bear Creek Planning Process (outline attached) which is designed to encourage citizen expression. The King County Council intends that proposals made at public hearings to the Council shall have been previously presented to and considered by the Environmental Development Commission and the Department of Planning.

PASSED at a regular meeting of the King County Council this 8<sup>th</sup> day of February, 1971.
