MOTION
NO.: 342

A MOTION relating to the Environmental Development Commission's Report on Scenic Highways.

MOVE that the County Council accept the report of the Environmental Development Commission regarding Scenic Highways and commend them for a job well done.

The Council agrees with the criteria and policies proposed in principle, but prefers to consider the report as a guide rather than as County Policy until a more detailed plan is presented. The Council feels that the Departments involved should proceed to develop a revised report and plan for Scenic Routes using the suggested objectives, goals, criteria, and policies recommended by the Environmental Development Commission to direct their approach. It is the Council's understanding that the Environmental Development Commission will be monitoring the preparation of the report which, when approved by the County Council, will become an addendum to the County Comprehensive Plan and, as such, will represent County Policy.
