

MOTION NO. 1253

A MOTION concurring with the recommendation of the Zoning and Subdivision Examiner on the application for reclassification petitioned by Great Alaska Corporation and designated File No. 421-73-P and amending Conclusion No. 2.

THE KING COUNTY COUNCIL, by this Motion, does accept the report of the Zoning and Subdivision Examiner dated August 7, 1973 which was filed with the Clerk of the Council on August 15, 1973, regarding the application for reclassification petitioned by Great Alaska Corporation designated by the Land Use Management Division, Department of Community and Environmental Development No. 421-73-P, and the Council does concur with the recommendation contained therein, with a change in conclusion No. 2.

2. In view of the critical drainage issues surrounding Miller Creek, it is essential that a drainage plan be required which will assure control during peak flow drainage from the site. At the proposed density of development it is reasonable to make these facilities a condition of final Planned Unit Development approval.

PASSED this 27th day of August, 1973.
