MOTION NO. 3769

A MOTION granting the appeal of ALASKA AIRLINES and reclassifying property petitioned in Building and Land Development File No. 242-78-R from MP to ML-P.

WHEREAS, the Deputy Zoning and Subdivision Examiner, by report dated June 15, 1978, has recommended that the property subject to the appeal of ALASKA AIRLINES, designated Building and Land Development File No. 242-78-R, remain classified MP, and that relief from the impact of the setback requirements of that zone classification be sought by application for variance, and

WHEREAS, the Deputy Zoning and Subdivision Examiner's recommendation to the King County Council has been appealed by the applicant and there has been no opposition expressed to the application or the appeal, and

WHEREAS, the King County Council intends to modify the zoning in the area of the subject property to eliminate the MP zoning to allow for less restricted light manufacturing uses, and the Deputy Zoning and Subdivision Examiner erred in his recommendation,

NOW THEREFORE, BE IT MOVED by the Council of King County: The property petitioned by ALASKA AIRLINES, designated Building and Land Development File No. 242-78-R, be reclassified from MP to ML-P, subject to the conditions recommended by the Building and Land Development Division in its Environmental Assessment and Preliminary Report dated May 18, 1978 for the May 25, 1978 public hearing.

PASSED this 9th day of October, 1978.
