

MOTION NO. 5481

A MOTION requesting that the Washington State Hospital Commission and the Puget Sound Health Systems Agency grant a Certificate of Need for a hospital in the Federal Way area.

WHEREAS, the Washington State Hospital Commission and the Puget Sound Health Systems Agency have initiated a competitive bid process to determine the recipient of the Certificate of Need for a hospital in the Federal Way area of King County, and

WHEREAS, the need for additional hospital beds in the Southern part of King County has been documented in a study financed in part by King County and performed under the auspices of the King County Health Planning Council, and

WHEREAS, the Federal Way Hospital Implementation Committee is the successor to the community-based planning committee which guided the study, and

WHEREAS, the Federal Way Hospital Implementation Committee is also broadly representative of community interests, and

WHEREAS, the Implementation Committee has endorsed the concept of a full-service hospital developed in conjunction with a "health care campus" where ancillary medical services and community education in the prevention of illness can be provided, and

WHEREAS, this concept is unique and worthy of support;

NOW, THEREFORE, BE IT MOVED by the Council of King County:

A. The King County Council hereby endorses the efforts of the Federal Way Hospital Implementation Committee to provide a full-service hospital in the Federal Way area.
