Introduced by: PAUL BARDEN

Proposed No.: 89 - 44

MOTION NO. 7421

A MOTION requesting the City of Tacoma to produce an environmental impact statement on the fluidized bed incinerator which is proposed to replace Tacoma City Light Steam Plant No. 2.

WHEREAS, Tacoma City Light proposes to convert its former Steam Plant No. 2 to a fluidized bed incinerator for burning coal, wood, and solid waste, and

WHEREAS, no environmental impact statement has been produced on this proposal, and

WHEREAS, an environmental impact statement would describe the major environmental effects of the proposed incinerator, and

WHEREAS, consideration of an environmental impact statement by City of Tacoma officials would provide an opportunity for broad based public comment on the proposal, and

WHEREAS, it is possible that certain King County residents could be affected by the proposed incinerator, and

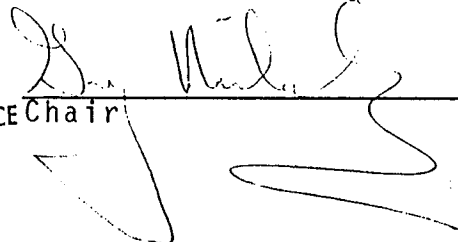

WHEREAS, to date those King County residents have had no notice of opportunity to comment on the proposal,

NOW, THEREFORE, BE IT MOVED by the Council of King County:

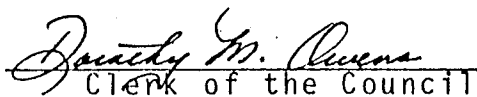

The City of Tacoma is respectfully requested to produce an environmental impact statement and to provide for public comment as described in the State Environmental Policy Act, and related regulations, on the proposed fluidized bed incinerator planned to replace Tacoma City Light Steam Plant No. 2.

PASSED this 17th day of January, 1989.

KING COUNTY COUNCIL
KING COUNTY, WASHINGTON

VICE Chair

ATTEST:

Clerk of the Council
