

Motion No. 8237

A MOTION approving the inmate average daily population and annual booking projections for calculation of jail service fees.

WHEREAS, King County each year projects inmate average daily population and bookings for the purpose of calculating jail service fees, and

WHEREAS, accurate short term population projections are critical to developing revenue projections, and

WHEREAS, the inmate average daily population in 1990 was less than originally projected, resulting in a significant revenue shortfall;

NOW, THEREFORE, BE IT MOVED by the Council of King County:

The 1991 projected inmate average daily population of 1,756 and annual bookings of 53,175 are hereby approved for the purpose of calculating the 1991 jail service fees.

PASSED this 25<sup>th</sup> day of March, 1991.

KING COUNTY COUNCIL  
King County, Washington
