

MOTION NO. 8652

A MOTION allowing local compost facilities to supply and transport compost at no charge to King County in support of a compost testing project being conducted by the King County Commission for Marketing Recyclable Materials.

WHEREAS, the King County executive was authorized by Motion 8095 to apply to the Washington State Department of Ecology (Department of Ecology) for funds for a recycled yard debris compost product testing and marketing program to be managed by the King County Commission for Marketing Recyclable Materials (Marketing Commission), and

WHEREAS, in the application to the Department of Ecology, letters supporting the project and offering to supply compost products for the project's implementation were submitted by the participating compost facilities, including Cedar Grove Compost Company; Iddings, Inc.; and Valley Topsoil, Inc., and

WHEREAS, the Department of Ecology awarded grant funding to the Marketing Commission to complete this project, and

WHEREAS, Ordinance 10209 appropriated funds to the Grants Fund from the Department of Ecology, Referendum 39 funds, Grant No. G9200049 for the Recycled Yard Debris Compost Testing and Marketing Project, and

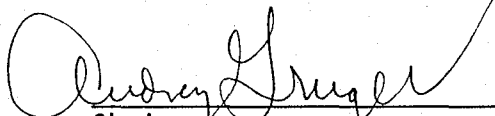

WHEREAS, the Marketing Commission will need compost products and transportation services for those products to complete the field testing component of the project;

NOW, THEREFORE BE IT MOVED by the Council of King County:

The Marketing Commission is hereby authorized to accept compost and delivery services from Cedar Grove Compost Company; Iddings, Inc.; and Valley Topsoil, Inc. at no charge to King County for completing the field testing component of the Recycled Yard Debris Compost Testing and Market Development Project.

PASSED this 18th day of May, 1992.
