MOTION NO. 933 3

A MOTION stating King County's intent regarding interlocal agreements for district court services.

WHEREAS, for many years King County has provided municipal court services to cities through the King County district court system pursuant to terms and conditions contained in an interlocal agreement, and

WHEREAS, on June 27, 1994 the King County council approved Motion 9323 authorizing the county executive to enter into a new interlocal agreement with cities in King County for municipal court services provided by the county, and

WHEREAS, a number of cities have expressed concern about continuing to contract with King County for municipal court services due to concerns about increasing costs and services, and

WHEREAS, this new interlocal agreement has as a key component mechanisms for cost containment, and

WHEREAS, the interlocal agreement provides that filing fees will be recalculated yearly based on a marginal cost formula, which is limited to costs for clerical, extrajudicial, leased space, and operations and maintenance costs effected by municipal filings, and which can not be changed without renegotiation between the cities and the county, and

WHEREAS, the filing fee increase over the last five years under the marginal cost formula contained in the interlocal agreement has been 4% per year, and

WHEREAS, the interlocal agreement provides a new mechanism for identifying and resolving service related issues with the establishment of "contract services monitoring committees", and

WHEREAS, the contract services monitoring committees, which empowers participating cities, will be a vital link with service delivery and cost expenditures, and

WHEREAS, a number of cities have expressed concern about changes in state law which would result in increased costs for municipal court services or prohibit local options to establish municipal courts, and

WHEREAS, a number of cities have also expressed concern about the duration of the interlocal agreement and have expressed interest in a long term agreement, and

WHEREAS, King County wants to continue to provide cities with municipal court services that are responsive and meet the expectations of the cities, and

WHEREAS, an integrated system of municipal and district court can efficiently and effectively meet the court service needs of the public, and

WHEREAS, such an integrated system is in keeping with the spirit of the merger of Metro and King County and the creation of a regional approach to service provision, and

WHEREAS, King County wants to provide assurances to the cities that receive municipal court services from the county that their concerns will be addressed;

NOW, THEREFORE BE IT MOVED by the Council of King County:

1	A. The King County council will actively pursue with the
2	district court judges and King County executive ways to
3	provide the highest level of services at the lowest costs
4	possible for its contracted services.
5	B. King County will not seek modifications to state law and
6	will actively oppose any statutory changes regarding cost
7	recovery for municipal court services or local options to
8	establish municipal courts pending any final agreements
9	reached between the county and cities as a result of the
LO	review of local and regional services required by SB 5038,
.1	the regional services bill.
L2	C. King County is willing to work with cities to develop an
L3	amendment to the new interlocal agreement to create a longer
L4	term for these agreements.
L 5	PASSED this 18th day of July, 1994.
L6 L7	Passed by a vote of 11-0, KING COUNTY, WASHINGTON
1	Xat Pulla
L8 L9	Kert Pullen Chair
