## Supplemental Questionnaire

This questionnaire is intended to assist Metro in selecting advisory committee members. Please return this with your application.

Name David Renstrom

- Briefly describe what water quality issues in King County are of concern and importance to you.

nonpoint + stormwater control issues, especially related to development + land use activities. Education about these issues.

Regional vs local management of nonpoint, + stormwater - which programs are best managed locally + which regionally. Coordination between local + regional agencies.

Puget Sound Water Quality Mgmt. Plan Stormwater + nonpoint elements + NPDES Municipal + Industrial Stormwater permits

- Why do you wish to be a member of CWQAC? Please share any additional information about your interest and/or experience with these issues.

I have been a city employee for 15 years working on urban surface water quality programs; especially monitoring, bmp development, NPDES + Puget Sound stormwater issues. With the City of Bellevue SSWH for 13 years, + now with Federal Way developing water quality program. Resident of rural King County, small horse farm owner, interested in OMA/water issues.

- After reading the enclosed CWQAC fact sheet, please indicate below one or two subcommittees in which you would become involved should you be selected as a CWQAC member.

- Biosolids Management Oversight
- Budget Oversight
- Facilities Planning
- Industrial and Hazardous Waste Management
- Public Outreach
- Water Reuse and Reclamation
- Watershed Management
- Other

- Why did you choose the subcommittee(s) checked?

My background is most consistent with the watershed management committee.

Water Reuse & reclamation is of interest because of my role with our community water system (which suffers severe water shortages in the fall). Does this committee's scope extend to the notion of artificial/enhanced recharge of aquifers - which is an issue in Federal Way. Enhanced recharge & promotion of stormwater infiltration seem to have compatible goals & methods.

Thank you for your interest.
