**Motion 14743**

**Proposed No. 2016-0419.2**

**Sponsors Dembowski, von Reichbauer,  
Balducci and Kohl-Welles**

1           A MOTION requesting the executive's response informing  
2           council deliberations regarding possible renewal of the  
3           veterans and human services levy.

4           WHEREAS, in November 2005, King County voters passed the first veterans and  
5           human services levy to generate funding for a wide range of programs to assist veterans,  
6           military personnel and their families and individuals and families in need, and

7           WHEREAS, in August 2011, voters in King County voted to renew the veterans  
8           and human services levy for another six years, and

9           WHEREAS, the goals of the existing veterans and human services levy are to  
10          reduce homelessness and emergency medical costs, to reduce criminal justice system  
11          involvement and to increase self-sufficiency by means of employment, and

12          WHEREAS, fifty percent of the existing levy's proceeds are allocated to provision  
13          of regional health and human services for veterans, military personnel and their families  
14          and fifty percent is allocated to provision of regional health and human services to a wide  
15          range of people in need of those services. The allocation has been beneficial in  
16          delivering services to populations in need of such services, and

17          WHEREAS, the veterans and human services levy will expire on December 31,  
18          2017, and

19 WHEREAS, the veterans and human services levy is a voter-approved, six-year  
20 levy lid lift, renewal of which requires voter approval of a ballot measure, and

21 WHEREAS, the U.S. Department of Veterans Affairs estimates that King County  
22 remains home to more than one hundred and ten thousand veterans and military  
23 servicemembers, and

24 WHEREAS, All Home estimates that eight hundred sixty-seven veterans remain  
25 homeless in King County in 2016, and

26 WHEREAS, veterans, servicemembers, their families and other populations  
27 within King County have benefitted from services funded by the veterans and human  
28 services levy;

29 NOW, THEREFORE, BE IT MOVED by the Council of King County:

30 A. The King County council is considering whether to submit to the qualified  
31 electors for their approval in 2017 a ballot measure to renew the veterans and human  
32 services levy. The council requests that the executive submit for council review an  
33 assessment report of the veterans and human services levy-funded goals, strategies,  
34 services and programs. The assessment report submitted to the council shall be  
35 developed in consultation with stakeholders and shall include:

36 1. An assessment of the effectiveness of the of the veterans and human services  
37 levy-funded goals outlined in Ordinance 17236, and the effectiveness of the existing  
38 strategies, services and programs in meeting the three policy goals. The assessment  
39 report shall include an explanation of the methodology used to make the determination of  
40 effectiveness. The purpose of the review is to identify potential changes to improve the

41 levy's effectiveness, improve the levy's stewardship of resources and improve the levy's  
42 equity and social justice impact;

43 2. Analysis and recommendations that address the following:

44 a. whether the council should revise, eliminate, or retain the veterans and  
45 human services levy's three goals, enumerated in Ordinance 17236: to prevent and  
46 reduce homelessness; to reduce unnecessary criminal justice and emergency medical  
47 system involvement; and to increase self-sufficiency of veterans and vulnerable  
48 populations;

49 b. whether a renewed levy should incorporate any new goals not specified in  
50 the current levy's service improvement plan;

51 c. how a renewed levy would align and coordinate with the best starts for kids  
52 levy and the mental illness and drug dependency sales tax, as well as other federal, state  
53 and local funding streams and programs, so as to integrate, align and avoid duplication of  
54 effort;

55 d. whether a renewed levy should retain some or all of the existing levy's four  
56 strategies, which are to: support veterans and their families to build stable lives and  
57 strong relationships; end homelessness through outreach, prevention, permanent  
58 supportive housing and employment; improve health through the integration of medical  
59 and behavioral health services; and strengthen families at risk;

60 e. whether a renewed levy should incorporate any new strategies not specified  
61 in the current levy's service improvement plan. The analysis and recommendations shall  
62 specifically address: whether a renewed levy should include a strategy or strategies to  
63 serve older adults; a strategy or strategies to increase integration of civil legal services for

64 levy-funded programs or persons served by the levy; a strategy or strategies to increase  
65 investments in affordable housing generally and reduction of homelessness specifically; a  
66 strategy or strategies to enhance reentry services for criminal justice system-involved and  
67 incarcerated persons; strategy or strategies to tailor services for particular populations  
68 whose circumstances warrant specialized approaches, including sexually exploited youth,  
69 victims of human trafficking and low-income residents living in rural communities; and a  
70 strategy or strategies to provide investments in services for survivors of domestic  
71 violence and people experiencing domestic violence; and

72 f. whether a renewed levy should retain or revise the current levy's citizen  
73 oversight board structure; and

74 3. An assessment of the state of funding for basic human services throughout  
75 King County, sometimes referred to as the "social safety net," in light of changing  
76 priorities of public and private funders, specifically the move away from flexible funding  
77 based on community needs and toward targeted funding of specific causes. The report  
78 should include options and recommendations for use of proceeds from a renewed  
79 veterans and human services levy to fill gaps in the social safety net.

80 B. In addition to the report requested in section A. of this motion, the council  
81 requests that the executive prepare and deliver an additional report at the same time as the  
82 assessment report requested herein, to assess the costs of providing housing, including  
83 shelter where and when needed, for every King County veteran in need of housing or  
84 shelter, such that no veteran residing in King County who seeks housing or shelter, shall  
85 remain unhoused. This additional report should also assess whether funding to support  
86 these costs should be assembled by re-allocating existing levy proceeds, or whether

87 additional revenues should be raised, or a combination of both. The report should also  
88 provide a potential timeline to accomplish the goal of housing every veteran who seeks  
89 housing or shelter.

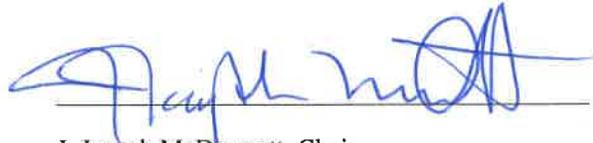

90 C. The executive shall file the veterans and human services levy assessment  
91 report and the additional report requested by this motion by January 19, 2017, in the form  
92 of a paper original and an electronic copy with the clerk of the council, who shall retain  
93 the original and provide an electronic copy to all councilmembers, the council chief of

94 staff, the policy staff director and the lead staff for the health, housing and human  
95 services committee and the regional policies committee, or their successors.  
96

Motion 14743 was introduced on 8/22/2016 and passed by the Metropolitan King  
County Council on 9/26/2016, by the following vote:

Yes: 8 - Mr. von Reichbauer, Mr. Gossett, Ms. Lambert, Mr. Dunn,  
Mr. McDermott, Mr. Dembowski, Mr. Upthegrove and Ms. Kohl-  
Welles  
No: 0  
Excused: 1 - Ms. Balducci
