PROJECT: 801174 S 300TH ST

FEDERAL WA
Council D

Project Description: South 300th Street (23rd Avenue South to 28th Avenue South)

Scope of Work: Completion of an existing roadway surface where currently only surface is paved. Amenities such as drainage control and other will be provided as appropriate.

Objective: To provide a paved full-width roadway section which will reduce maintenance costs, alleviate access problems created by fragmented subdivision development, and approve access to the abutting property as a neighborhood access street. This is being accomplished as required by the Federal Way area residents per the EDC Report of area 1973.

Length: Original Cost Estimate \$ 14,000
6 Month Actual-1975 \$ 00
Operating Cost-1976 \$ NA

Status: Construction started late 1975, to early 1976.

PROJECT: 801274 SW 308TH ST

Project Description: Southwest 308th Street (1st Avenue South to 6th Avenue South)

Scope of Work: Construction of half street and the completion of an existing surface where currently only half of the surface is paved. Such as drainage control and others will be provided where needed.

Objective: To provide a paved full-width roadway section which will reduce maintenance costs, alleviate access problems created by fragmentation, division development, and improve access to the abutting private a neighborhood access street. This is being accomplished per the recommendations of the Federal Way area residents per the 1973 EDC Report.

Length: Original Cost Estimate \$ 31,500
6 Month Actual-1975 \$ 00
Operating Cost-1976 \$ NA

Status: Design and right of way acquisition completed in 1975. Due to difficulty of obtaining right of way construction must begin in 1976 or right of way clearance is required.
