Proposed No. 79-1056

ORDINANCE NO. 0004475

AN ORDINANCE approving additions and betterments to the Des Moines Sewer District Comprehensive Plan for the purpose of expanding the capacity of the district's sewage treatment plant and amending the King County Sewerage General Plan as attached to Ordinance 4035.

PREAMBLE:

Des Moines Sewer District adopted Resolution No. 1979-12 on March 28, 1979, providing for an Additions and Betterments to the district's comprehensive plan.

Des Moines Sewer District filed a Declaration of Non-Significance for the proposed Additions and Betterments on March 28, 1979.

The King County Council adopted Ordinance No. 4333 approving the Additions and Betterments for all but the sewage treatment plant and called for a recommendation by the Sewerage General Plan Review Committee.

The Sewerage General Plan Review Committee reviewed the proposed Plan Amendment and on July 11, 1979, recommended its adoption.

The Utilities Technical Review Committee reviewed the Additions and Betterments and on April 11, 1979, recommended its approval.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Ordinance 4035, previously adopting the King County Sewerage General Plan, is hereby amended by amending Section 2.1, Table 1, Item 3, of the Plan to increase the capacity of the treatment facility to 6 mgd and to increase the level of treatment to secondary.

1 SECTION 2. The Additions and Betterments to the Des
2 Moines Sewer District Sewer Comprehensive Plan as adopted
3 by district Resolution 1979-12 pertaining to the expanded
4 sewage treatment plant is hereby approved.

* TREATMENT PLANT EXPANSION AND GARAGE

Expand the existing primary treatment facility from two to six million gallons per day capacity. Secondary treatment facilities will also be added to increase the level of treatment prior to discharge to deep Puget Sound waters. Construction in addition- al treatment facilities including: headworks, primary and secondary clarifiers, ABF (activated bio-filter) towers, aeration basins, anaerobic sludge digestion and dewatering facilities and chlorine disinfection facilities, and a garage 30 ft. by 110 ft. for vehicles and equipment of the District.

INTERCEPTOR AND PUMP STATION

Intercept sewage from that portion of the District generally lying southerly of So. 216th Street and easterly of 16th Ave. So.

The new interceptor sewers includes approximately 2,910 L.F. of 24" and 27" gravity lines and approximately 11,145 L.F. of 6", 12", 16" and 18" pressure lines. This project also includes the construction of a new pump station and the elimination of an existing pump station.

The location of sewer lines are as outlined in the Facilities with some revision due to design problems. Commencing at the existing Treatment Plant Site. Thence generally in a southerly direction along the westerly and easterly margins of proposed SR 509 to the Kent-Des Moines Road; thence easterly along Kent-Des Moines Road to approximately 24th Ave. So.; also from Kent-Des Moines Road and 16th Place So. southerly to So. 243rd St. and 20th Ave. So.

The new pump station will be located at Kent-Des Moines Road and 16th Place So. The existing pump station to be removed is located at So. 220th St. and 12th Ave. So. and is commonly referred to as the Hartland Homes pump station.

The above described trunk, sub-trunk, lateral sewers, interceptor, pump station and treatment plant expansion and garage, shall be installed complete with all necessary manholes, lamp holes, wyes, tees, side sewers, and other appurtenances necessary to the proper operation of such sewer system, and all in accordance with the requirements of the regulatory agencies and offices of King County, the State of Washington, and the United States, and the same shall be connected wherever necessary with the existing sewer system of the District.

It is part of this plan of additions and betterments to the Comprehensive Plan of the District, as amended, that the above

set forth plan of improvements shall be subject to such changes as to details of pipe, size and location or in any other details of said plan not affecting the service to be provided by the main general plan as shall be authorized by the Board of Commissioners either prior to or during the actual course of construction.

Section 3. The various portions of said plan of additions and betterments to the Comprehensive Plan, as amended, shall be constructed and installed at such time or times as may be found to be necessary, advisable and economically feasible by the Board of Commissioners and such Board shall take all actions and do all things as may be necessary and proper in the carrying out of this plan of additions and betterments to the Comprehensive Plan, as amended.

Section 4. The District shall acquire by purchase or condemnation all property, both real and personal, rights-of-way, franchises, easements and water rights necessary to carry out said plan, which is as more particularly set forth in maps and plans prepared by URS Company, Consulting Engineers, of Seattle, Washington.

Section 5. The District may, at its option, install wyes and connecting sewer stub lines from any main sewer line or lateral to the adjacent or vicinal property lines during the time such main sewer line or lateral is being installed. Such wyes and connecting stub lines shall be paid for by the owners of the lots, tracts and parcels of land to which they extend at such time and in such manner as may be determined by the Board of Commissioners and as authorized by law.

Section 6. The Board of Commissioners shall have the right to cooperate, coordinate, enter into, contract, and do all

things that are necessary and proper with other sewer districts, cities, towns, port authorities, and all other governmental and non-governmental units to the end that the sewer system and the people of the District are benefited.

Section 7. For the purpose of providing the funds necessary to carry out this plan of additions and betterments, the District shall issue and sell its sewer revenue bonds in the total principal amount of \$2,650,000.00, or such part thereof as may be found necessary, to carry out the above portion of the additions and betterments to said Comprehensive Plan, as amended. It is anticipated that additional funding to cover the total project cost of this plan of additions and betterments shall come from the federal and state governments in a combined amount of at least \$13,157,100.00.

Section 8. Said bonds may bear interest at as much as the maximum rate permissible per annum, shall be payable semi-annually, shall be issued in such amounts and at such time or times as may be found necessary and shall mature in various amounts each year from one to not exceeding thirty years from the date of issue to be determined by the Board of Commissioners. Both the principal and interest on said bonds shall be paid from the gross revenue of the sewer system of the District.

Section 9. The areas included in this plan of additions and betterments and which shall be specially benefited by the carrying out of this plan may, if necessary, comprise one or more utility local improvement districts and assessment, shall be levied in said district or districts in amounts within the special benefits received by the properties therein as provided by law by virtue of the construction and installation of the

improvements authorized in this plan. Any assessments so levied in such district or districts, shall be applied solely to the payment of the principal of and interest on revenue bonds of the District as required by law, and as later provided by resolution or resolutions of the District.

Section 10. The areas to be served by this plan of additions and betterments to the Comprehensive Plan, as amended, are all situated in King County, Washington, and are described as follows:
