Proposed No.: 92-670

MOTION NO. 8772

A MOTION appointing a citizen advisory committee for the Patterson Creek Flood Control Zone District

WHEREAS, the Patterson Creek Flood Control Zone District was formed by the action of the Board of King County Commissioners under Resolution 28339; and

WHEREAS, under R.C.W. 86.15.070, the King County Council is authorized to appoint advisory committees for such districts of not more than five members; and

WHEREAS, an advisory committee for the district was appointed in the past but due to the inactivity of the district it has not met regularly; and

WHEREAS, the Surface Water Management Division of King County and the U.S. Soil Conservation Service are currently cooperating on a reconnaissance level floodplain study of the Patterson Creek Basin, whose boundaries are essentially the same as those of the district, to document significant natural resource systems and flooding problems in the basin; and

WHEREAS, Harry Venema and Robert Crittenden served on the former advisory committee for the district and would like to serve again, and Richard Liliedahl, Ed Anderson and Kenneth Carlton are residents of the district and interested in serving on a new advisory committee; and

WHEREAS, the above floodplain study would benefit from citizen review, warranting the formal reappointment of the advisory committee;

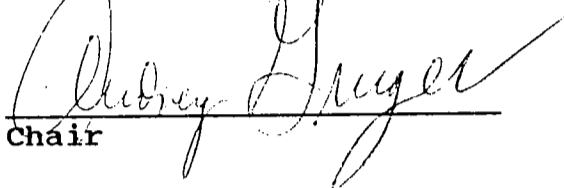

NOW, THEREFORE BE IT MOVED by the Council of King County:

The following members are hereby appointed to the Patterson Creek Flood Control Zone District Advisory Committee, for terms to expire two years after adoption of this motion:

- 1 1. Harry Venema, Chairman
- 2 2. Ed Anderson
- 3 3. Kenneth Carlton
- 4 4. Robert Crittenden
- 5 5. Richard Liliedahl

6 PASSED this 8th day of September, 1992.
