The voting precincts of King County are hereby established pursuant to state law and shall be described in the attachments to this section which are hereby adopted, and which shall be retained officially on file in the division of records and elections.

B. Precincts Identified. An alpha-numeric system of identifying voting precincts using a combination of letters and numbers shall be established throughout King County. Those precincts located in unincorporated areas of the county which presently have names shall retain them for public purposes in addition to the alpha-numeric designation. Names shall be given only to those new precincts in unincorporated areas of the county which are created from portions of existing named precincts.

D. Precinct Balancing. In balancing precincts, voting precincts shall be constructed so as to consist of between two hundred and four hundred registered voters per individual precinct. Where necessary to construct a precinct with less than two hundred representation, it shall be noted on the revision proposal and a full explanation of this deviation provided.

E. Revision Approval. Proposed revisions to voting precincts, as provided for in this section, shall be submitted to the council for approval by ordinance no later than May 1st of the applicable year. The proposal shall include a replacement for the attachments to this section.
