INTRODUCED BY Bruce Laing

PROPOSED NO. : 89 - 536

ORDINANCE NO. 9077

AN ORDINANCE approving the Northeast
Sammamish Sewer and Water District
Amendment to the Comprehensive Sewer
Plan, repealing Ordinance 8843.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Ordinance 8843 is hereby repealed.

SECTION 2. Findings. The King County council finds that:

1. On April 15, 1988, a Declaration of Non-Significance
was issued by the Board of Commissioners of Northeast Sammamish
Sewer and Water District.

2. On May 12, 1988, the Board of Commissioners of the
Northeast Sammamish Sewer and Water District passed Resolution
1563, adopting the District's 1988 Comprehensive Sewer Plan.

3. On August 9, 1988, the Utilities Technical Review
Committee reviewed the proposed Plan and recommended approval.

4. On January 30, 1989, King County Ordinance 8843 was
adopted disapproving the proposed Northeast Sammamish Sewer and
Water District Comprehensive Sewer Plan, based on the
unacceptable environmental impacts and financial hardships
imposed upon the residents within proposed ULID LSS-5.

5. On June 21, 1989, the Utilities Technical Review
Committee reviewed amendments to the proposed Comprehensive Sewer
Plan and recommended approval of the Plan, based on revisions to
proposed ULID LSS-5 which appear to be more acceptable to the
majority of residents.

6. In a July 19, 1989 letter to the council, the Board of Commissioners of the Northeast Sammamish Sewer and Water District confirm that..."the Commissioners will allow property owners within the proposed ULID boundary the opportunity to not participate in the ULID thus resulting in no assessment on their property and no sewer service from the sewer improvement. Property owners electing not to participate may be permitted to connect at a later time upon payment of connection charges, which are likely to exceed the assessment amounts under the proposed ULID."

SECTION 3. The 1988 Northeast Sammamish Sewer and Water District Comprehensive Sewer Plan is hereby approved. The District's new provisions for ULID LSS-5 now address the concerns expressed by the county council which were the basis for the disapproval of the proposed sewer plan by Ordinance 8843 in January 1989.

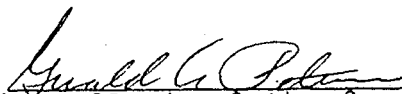

INTRODUCED AND READ for the first time this 24th day of July, 1989.

PASSED this 31st day of July, 1989.
