SUBJECT: SR 520 ANNEXATION

Dear Mr. Peterson:

Enclosed is a certified copy of the annexation ordinance, Ordinance No. 1881, that was passed by the Redmond City Council on March 19, 1996. As we have discussed, the State Department of Transportation came to the City of Redmond seeking to annex this portion of highway right-of-way to facilitate their permitting process for HOV lanes or any other future changes. This annexation has been reviewed by the King County Transportation department and they are in agreement with the annexation. Because a portion of West Lake Sammamish Parkway, lies directly underneath the SR 520 interchange, this roadway too becomes annexed into Redmond with the same ordinance. This action alleviates the County's responsibility for maintenance and traffic control for this section of roadway. In order to complete the annexation as allowed by RCW 35.21.790, the King County Council must pass a similar ordinance for the annexation to become effective. I am sending you this document so that your staff can begin drafting a similar ordinance for the King County Council. I will be expecting to hear from you once you can give me information on timing. Your help is appreciated.

Sincerely,
