

August 30, 1996

Introduced By: BRIAN DERDOWSKI

96-614-MMc

Proposed No.: 96-614

1

2

ORDINANCE NO. **12448**

3

AN ORDINANCE approving the Skyway Water
and Sewer District Comprehensive Water
System Plan, June 1996

4

5

6

7

PREAMBLE:

8

9

10

11

12

13

K.C.C.13.24 requires approval of comprehensive plans for
water purveyors as a prerequisite to the granting of right-
of-way franchises and approval of right-of-way construction
permits.

14

15

16

17

The Skyway Water and Sewer District Comprehensive Water
System Plan, May 1996 was approved by the Skyway Water
District on March 11, 1996.

18

19

20

21

The Skyway Water and Sewer District issued a Determination of
Nonsignificance for the plan in accordance with the State
Environmental Policy Act on April 3, 1996.

22

23

24

25

26

27

On June 12, 1996 the King County Utilities Technical Review
Committee met to consider the plan and finding it consistent
with K.C.C. 13.24 recommended approval, subject to
modifications which have been made in the final version dated
June 1996.

28

29

30

31

32

33

On August 29, 1996 the Utilities and Natural Resources
Committee of the Council was advised of some minor clarifying
amendments that needed to be made to the plan to address
boundary issues between the District and the City of Renton,
and make some technical corrections to the Plan.

34

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

35

36

37

38

39

SECTION 1. The Skyway Water and Sewer District Comprehensive
Water System Plan, June 1996, Attachment A, with the
modifications to the plan pages and map shown in Attachment

B, is hereby approved without conditions.

INTRODUCED AND READ for the first time this 19th
day of August, 1996.

PASSED by a vote of 11 to 0 this 9th day of
September, 1996

KING COUNTY COUNCIL
KING COUNTY, WASHINGTON

James Hague
Chair

ATTEST:

Gerald A. Peterson
Clerk of the Council

APPROVED this 20th day of September, 1996

Ray Lode
King County Executive

Attachments:

A. The Skyway Water and Sewer District Comprehensive
Water System Plan, May 1996.

B. Modifications to pages 5, 6, 20 and 34, and the
Existing Water System Features Map

Avenue South as Seattle's eastern boundary. Seattle also serves a multi-family development located west of 70th Place South.

Seattle's service area south of Skyway Water & Sewer's boundary is referred to as the Coordinated Water System Transfer Area. The Seattle Water Department has, in the past, considered relinquishing their rights to provide water service to this area. However, there is currently no known plan for the Seattle Water Department to discontinue service to this area in the near future. Renton's Comprehensive Water System Plan provides that this Transfer Area may be served on an interim basis by the Skyway Water & Sewer District, provided that the parties mutually agree to the terms of service. The City of Renton is intended to be the long-term purveyor for this Transfer Area.

- D. King County Water District No. 125: Serves the area southwest of the southwestern boundary of the Skyway Water & Sewer District.
- E. City of Tukwila: Serves the area across the railroad tracks southwest of the District's service area.

Each of these water purveyors have received a copy of this Comprehensive Water plan in its 'draft' form, and have had the opportunity to comment regarding its content.

Correspondence/comments relating to these adjacent purveyors can be found in Appendix H of this Plan.

AGREEMENTS

The text of the following Agreements are in Appendix C.

- A. Consolidation Agreement between King County Water District Nos. 69, 77 and 88 - Resolution No.82-1-01.
- B. Agreement between Water District 14 and the Skyway Water & Sewer District entered into on May 9, 1988 requesting that the Skyway Water & Sewer District sell water to District No. 14 in order to serve approximately 36 residences, the Dimmitt School, and the Church of Jesus Christ of Latter Day Saints' building. The agreement has expired, however, a

revised agreement is currently being drafted and is expected to be approved by both Districts in 1996.

- C. Water Purveyor Contract between the City of Seattle and King County Water District No. 77 and Water District 69.
- D. The First Amendment to the Water Purveyor contract between the City of Seattle and Skyway Water & Sewer District effective June, 1994.

Note: The District's Franchise Agreement with King County for Water Facilities has expired, therefore it is not shown in Appendix C. Application for a new water service franchise agreement to encompass the District within its Water Service Boundary will be made to King County at the time of approval of this Comprehensive Water Plan.

RELATED PLANS

Reference is made to the following plans and documents because they are either directly related to the Skyway Water & Sewer District Water System Plan or are of major significance to this plan.

A. Plans which affect the Skyway area.

1. Skyway Coordinated Water System Plan: King County Parks, Planning and Resources Department Building & Land Management, May, 1988.

The Public Water System Coordination Act of 1977 (RCW 70.116) establishes procedures for adjacent water purveyors to collectively plan for future development of water systems and facilities. These procedures are intended as guidelines for planning for efficient water service by geographical areas and integrating water system development with land use plans.

The Skyway area of unincorporated King County was designated a Critical Water Supply Service Area under the provisions of the Coordination Act. As such, the existing water purveyors within the planning area, together with representatives from the State Department of Health (DOH), Seattle-King County Health Department, King County Council, and King County Building and Land

TABLE 2-1 - SKYWAY WATER & SEWER OLD WATER ALLOWANCE

MONTH	ALLOWANCE (MG)	CUMULATIVE (MG)
January	9.65	9.65
February	9.97	19.62
March	11.56	31.19
April	9.92	41.11
May	11.21	52.32
June	13.17	65.49
July	12.27	77.76
August	22.13	99.89
September	8.11	108.00
October	10.17	118.17
November	11.04	129.21
December	11.66	140.88

YEAR TOTAL 140.88

The District's monthly water consumption for the years 1990 through 1994 is shown on Table 4-2 of this Plan.

SWD has agreed to supply the water requirements of the District per their Water Purveyor Contract, a copy of which can be found in Appendix C of this Plan. Hence, the water supply from SWD equals the District's demand.

Month	1990 Water Use		1991 Water Use		1992 Water Use		1993 Water Use		1994 Water Use
