Proposed No.: 1999-0064

ORDINANCE NO. **13455**

AN ORDINANCE approving the City of Renton 1998 Water System Plan.

PREAMBLE:

K.C.C. chapter 13.24 requires approval of comprehensive plans for water utilities as a prerequisite for granting right-of-way franchises and approval of right-of-way construction permits.

The City of Renton 1998 Water System Plan (plan) discusses water utility service to forty-five thousand customers currently living in both incorporated and unincorporated urban areas near the City of Renton. The plan also provides water demand forecasts for the next twenty years and includes capital improvement proposals to replace water mains, improve storage and address water quality issues.

The King County utilities technical review committee (UTRC) reviewed and conditionally approved the plan on December 9, 1998. The conditions of UTRC approval, technical changes to the plan, have been met and are reflected in the final version.

The City of Renton prepared a determination of nonsignificance for the plan on February 18, 1997, in accordance with the State Environmental Policy Act.

The City of Renton adopted the plan on November 2, 1998.

The UTRC recommends that the council approve the plan.
