Proposed No.:

1999-0666

ordinance no. 13689

AN ORDINANCE relating to the 1999 levy of property taxes in King County for collection in the year 2000; and amending Ordinance 13679, Section 2, and Ordinance 13679, Section 3.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Ordinance 13679, Section 2, is hereby amended to read as follows:

The metropolitan King County council imposes the levies necessary to fund estimated expenditures for the year 2000 as listed below. These amounts do not include the total of estimated revenues from sources other than taxation, including available surplus and such expenditures as are to be net from bond warrant issues. In accordance with state law, the King County assessor calculated a sum for property taxes available to the county related to new construction, improvements to property, and any increase in the assessed value of state assessed property. In calculating the amount of regular property tax monies needed, the council was cognizant of this sum and it is therefore included in the following levy totals.

ordinance no. 13690

AN ORDINANCE authorizing the King County executive to execute an amendment to the Grand Ridge Joint Agreement with the city of Issaquah, the Grand Ridge Limited Partnership and Glacier Ridge Limited Partnership, in order to preserve three hundred thirteen acres of rural land in council district 12 by the transferring development credits to the city of Issaquah and purchasing the fee title.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Findings. A. The Washington State Growth Management Act (GMA), chapter 36.70A RCW, directs development to urban areas to reduce the inappropriate conversion of undeveloped rural forest land into sprawling, low density development and to encourage the conservation of forests, farms, wildlife and salmonid habitat. The GMA requires counties to adopt countywide planning policies in cooperation with cities within the county. Countywide planning policy LU-14 establishes that the county may transfer density from the rural area to the urban area to protect significant natural resources and secure open space. The King County Comprehensive Plan policy R-217 supports use of the transfer of development credits as a means to permanently preserve lands of countywide benefit and encourages higher densities in appropriate areas. King County has established the Transfer of Development Credits Pilot Program in Ordinance 13274.
