The Northshore Utility District has prepared a combined set of water and sewer comprehensive plans that discuss water and sewer service to existing and future populations within the district service area. The water service area includes all of the city of Kenmore, portions of the cities of Bothell, Brier, Kirkland and Lake Forest Park and urban unincorporated areas. The sewer service area includes all of the city of Kenmore, portions of the cities of Bothell, Kirkland, Lake Forest Park and Woodinville and urban unincorporated areas. The service area is predominantly comprised of single-family residences, although some commercial uses are also served.

18 The district currently purchases all of its water from Seattle Public Utilities. The
19 district is negotiating a new water contract. In addition, the district, in cooperation with
20 the city of Everett and the Woodinville Water District, has applied for a transfer of an
21 existing water right on the Snohomish river for use as a domestic supply source. If the
22 new source is approved, the district has indicated that there would still be a need to
23 purchase some water from Seattle Public Utilities. The district supports Seattle Public
24 Utilities' one percent for conservation program.

25 The district has a contract with King County to treat all of its wastewater. The
26 district also conveys waste water to the county system that is generated in the city of
27 Brier. The district is working with the county to assess infiltration and inflow in its
28 system.

29 The plans contain a water capital improvement program valued at approximately
30 \$13,600,000 during the next ten years and a sewer capital improvement program valued
31 at nearly \$32,900,000 during the next ten years.

32 The King County utilities technical review committee reviewed and conditionally
33 approved the plans on April 11, 2001. The conditions of approval, technical changes to
34 the plans, are reflected in the plan versions attached to this ordinance. The utility
35 technical review committee recommends that the council approve the plans.

36 The district prepared a determination of nonsignificance for the plans on May 30,
37 2000, in accordance with the state Environmental Policy Act.

38 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

39 SECTION 1. The Northshore Utility District 2000 Water System Comprehensive
40 Plan and 2000 Wastewater Comprehensive Plan, Attachments A and B to this ordinance,
41 are hereby approved without conditions.
42

Ordinance 14192 was introduced on 7/2/01 and passed by the Metropolitan King County Council on 9/4/01, by the following vote:

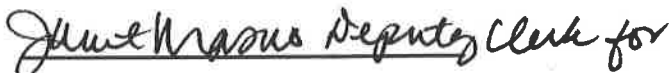

Yes: 11 - Mr. von Reichbauer, Ms. Miller, Mr. Phillips, Mr. Pelz, Mr. McKenna, Ms. Sullivan, Mr. Nickels, Mr. Pullen, Mr. Gossett, Mr. Thomas and Mr. Irons
No: 0
Excused: 2 - Ms. Fimia and Ms. Hague

KING COUNTY COUNCIL
KING COUNTY, WASHINGTON

Pete von Reichbauer, Chair

ATTEST:

Anne Noris, Clerk of the Council

APPROVED this 12 day of September, 2001.

Ron Sims, County Executive
