**PRELIMINARY REPORT:**

The Department of Natural Resources, Water and Land Resources Division Report on Item No. E02CT020 was received by the Examiner on April 9, 2003.

**PUBLIC HEARING:**

After reviewing the Department of Natural Resources, Water and Land Resources Division Report and examining available information on file with the application, the Examiner conducted a public hearing on the subject as follows:

The hearing on item no. E02CT020 was opened by the Examiner at 9:31 a.m., April 16, 2003, in the Fifth Floor Conference Room, Union Bank of California Building, 900 Fourth Avenue, Seattle, Washington, and closed at 11:35 a.m.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources, Water and Land Resources Division preliminary report to the King County Hearing Examiner for the April 16, 2003, public hearing are found to be correct and are incorporated herein by this reference. Copies of the said report will be attached to the copies of this report submitted to the King County Council.
3. Credit for the public land or right of way buffer category is supported by the existence of contiguous PBRS and timberland parcels to the north and south. The Applicant's parcel provides a forested link between major tracts of forested open space on either side. Additional credit may also be obtained through the timely submission of a forest stewardship plan.

**CONCLUSIONS:**

1. Approval of current use valuation for 4.25 acres of the subject property, pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. Timely application has been made to King County for the current use valuation of the subject property to begin in 2004. Notice of said application was given in the manner required by law.
3. The subject property contains priority open space resources pursuant to the King County Public Benefit Rating System, which justify a total award of 15 points. The resulting current use value is 30% of market value for 4.25 acres of the subject property.
4. The subject property may be entitled to additional high priority resource points pending Applicant submission of a Forest Stewardship Plan by September 1, 2003, and King County approval by October 1, 2003. Credit for this category, if appropriate, will be granted administratively and will justify a total award of 23 points. The resulting current use value would be 20% of market value for 4.25 acres of the subject property.

**RECOMMENDATION:**

APPROVE the request for current use valuation of 30% of market value for 4.25 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources report for the April 16, 2003, public hearing and the following additional condition:

1. Additional credit for the forest stewardship land category may be granted administratively if a forest stewardship plan is submitted by September 1, 2003 and approved by October 1, 2003.

Current use valuation shall be subject to all terms and conditions of RCW 84.34 and King County Code Chapter 20.36, as the same may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED this 21st day of April, 2003.
