2. Except as modified herein, the facts set forth in the King County Department of Natural Resources, Water and Land Resources Division preliminary report to the King County Hearing Examiner for the April 30, 2003, public hearing are found to be correct and are incorporated herein by this reference. Copies of the said report will be attached to the copies of this report submitted to the King County Council.

CONCLUSIONS:

1. Approval of current use valuation for 15.87 acres of the subject property, pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. Timely application has been made to King County for the current use valuation of the subject property to begin in 2004. Notice of said application was given in the manner required by law.
3. The subject property contains priority open space resources and is entitled to bonus points pursuant to the King County Public Benefit Rating System, which justify a total award of 23 points. The resulting current use value is 20% of market value for 15.87 acres of the subject property.
4. The total award of 23 points is contingent upon King County approval of the Conservation Easement submitted by the Applicant. Should the plan not be approved, total award points will be 18, with a current use valuation of 30% of market value for 15.87 acres of the subject property.

RECOMMENDATION:

APPROVE the request for current use valuation of 20% of market value for 15.87 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources report for the April 30, 2003, public hearing, and the following additional condition:

1. If the conservation easement submitted by the Applicant is not approved, the total award will decrease to 18 points with a current use valuation of 30% of market value.

Current use valuation shall be subject to all terms and conditions of RCW 84.34 and King County Code Chapter 20.36, as the same may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.
