Department's Final:	Approve 6.17 acres for 40% of market value

PRELIMINARY REPORT:

The Department of Natural Resources, Water and Land Resources Division Report on item no. E02CT039 was received by the Examiner on May 14, 2003.

PUBLIC HEARING:

After reviewing the Department of Natural Resources, Water and Land Resources Division Report and examining available information on file with the application, the Examiner conducted a public hearing on the subject as follows:

The hearing on item no. E02CT039 was opened by the Examiner at 9:33 a.m., June 4, 2003, in the Eighth Floor Conference Room, Union Bank of California Building, 900 Fourth Avenue, Seattle, Washington, and closed at 9:42 a.m.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. **General Information:**

Owners:	See "SUBJECT" above
Location:	See "SUBJECT" above
Zoning:	RA-10
STR:	SE-NE-07-22-03
Suggested PBRs Resources:	<p>HIGH PRIORITY RESOURCES Aquifer protection area Surface water quality buffer area Forest stewardship land</p> <p>BONUS RESOURCE Resource restoration</p>

Please note: Due to property characteristics and owner objectives, the request and recommendation is to amend the original timberland application and apply only for PBRs.

Parcel

Total acreage:	7.30
Requested for timberland:	6.30
Recommended PBRs:	6.17

Please note: The recommended area excludes the driveway and homesite. Restoration of the 1.5 acres (Area 3 in the forest plan) must occur for it to participate in PBRs.

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources, Water and Land Resources Division Preliminary Report to the King County Hearing Examiner for the June 4, 2003, public hearing are found to be correct and are incorporated herein by this reference. Copies of the said Report will be attached to the copies of this Report submitted to the King County Council.

CONCLUSIONS:

1. Approval of current use valuation for 6.17 acres of the subject property, pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and

otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

2. Timely application has been made to King County for the current use valuation of the subject property to begin in 2004. Notice of said application was given in the manner required by law.
3. The subject property contains priority open space resources and is entitled to bonus points pursuant to the King County Public Benefit Rating System, which justify a total award of 15 points. The resulting current use value is 40% of market value for 6.17 acres of the subject property. Should the Forest Stewardship Plan not be approved, the total award points will decrease by 5 and the percent of market value will be adjusted accordingly.
4. Credit for the Resource Restoration category may be added administratively pending Applicant submission of a restoration plan by September 1, 2003, and County approval of said plan by October 1, 2003.

RECOMMENDATION:

APPROVE the request for current use valuation of 40% of market value for 6.17 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources report for the June 4, 2003, public hearing and the following additional conditions of approval:

1. Timely approval of the Applicants' Forest Stewardship Plan by a County forester. Failure to meet this requirement will decrease the total award points to 10, resulting in a current use valuation of 50% of market value for 6.17 acres.
2. The Applicants may submit a resource restoration plan by September 1, 2003. County approval of the Applicant's restoration plan by October 1, 2003, will increase the total award points by 5 and the percent of market value will be adjusted accordingly.

Current use valuation shall be subject to all terms and conditions of RCW 84.34 and King County Code Chapter 20.36, as the same may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED this 6th day of June, 2003.
