Copies of the department report will be provided with the copies of this report submitted to the King County Council.

CONCLUSIONS:

1. Approval of current use valuation for 7.21 acres of the subject property, pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. Timely application has been made to King County for the current use valuation of the subject property to begin in 2006. Notice of said application was given in the manner required by law.
3. The subject property contains priority open space resources and is entitled to bonus points pursuant to the King County Public Benefit Rating System, which justify a total award of 18 points. The resulting current use value would be 30% of market value for 7.21 acres of the subject property.
4. Additional credit may be awarded administratively for the significant wildlife or salmonid habitat and/or resource restoration categories if qualifying evidence and/or a restoration plan, respectively, are submitted by June 30, 2005 and approved by the County. Award under either or both of those categories would result in a change in the percentage of current use valuation from 30% of market value to 20%.

RECOMMENDATION:

APPROVE the request for current use valuation of 30% of market value for 7.21 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the May 4, 2005 public hearing, and the following additional condition:

1. Significant wildlife or salmonid habitat and/or resource restoration category points may be awarded administratively as specified in conclusion no. 4 above, and the current use valuation percentage adjusted accordingly to 20% of market value.

Current use valuation shall be subject to all terms and conditions of RCW 84.34 and King County Code Chapter 20.36, as the same may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.
