2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the March 8, 2006, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.

The following changes should be made to the staff report:

- A. The hearing date at the top of the staff report should read March 8, 2006, rather than 2005.
- B. Page 5, section A.3, fourth bullet should be 5 rather than 0, and the total points should be 15 rather than 10.
- C. The comment section on page 5 should reflect a point total of 20 rather than 15 and a percentage reduction of 70% rather than 60%.

- D. Page 6, Public Benefit Rating box should reflect 15 points, not 10; 40% of market value, not 50%; and 60% reduction, not 50%.
 - E. Page 6, section B, the first paragraph should state a public benefit rating of 15 points rather than 10 points.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2007. Notice of the application was given as required by law.
 4. The property contains priority open space resources and is eligible for a total award of 15 points under the King County Public Benefit Rating System. The resulting current use value therefore would be 40% of market value for 5.49 acres of the property.
 5. Credit may be awarded administratively for the Forest Stewardship Land category subject to approval and implementation of the Applicants' Forest Stewardship Plan by June 1, 2006. Award for credit of this category cannot overlap with the rural stewardship category.

Alternatively, credit may be awarded administratively for the Rural Stewardship Land category subject to Applicant submission by July 1, 2006, of an approved Rural Stewardship Plan. Credit for this category cannot overlap credit for the Forest Stewardship Plan category.

If credit is awarded for either of these categories the total points would increase to 20 with a resultant current use valuation of 30% for the enrolled portion of the property.

CONCLUSION:

1. Approval of current use valuation of 40% of market value for 5.49 acres of the property pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 40% of market value for 5.49 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the March 8, 2006, public hearing, and the following additional condition of approval:

1. Credit may be awarded administratively for either the Forest or Rural Stewardship Land category as stated in Finding no. 5 above. Award for either of these categories would increase the point total to 20 and adjust the current use valuation to 30% for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED this 20th day of March, 2006.

King County Hearing Examiner

The Examiner does not have authority to extend the time period unless the Office of the Clerk is not open on the specified closing date, in which event delivery prior to the close of business on the next business day is sufficient to meet the filing requirement.

At that meeting, the Council may adopt the Examiner's recommendation, may defer action, may refer the matter to a Council committee, or may remand to the Examiner for further hearing or further consideration.

Action of the Council is final. The action of the Council on a recommendation of the Examiner shall be final and conclusive unless within twenty-one (21) days from the date of the action an aggrieved party or person applies for a writ of certiorari from the Superior Court in and for the County of King, State of Washington, for the purpose of review of the action taken.
