PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E05CT087 was received by the Examiner on March 23, 2006.

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E05CT087 was opened by the Examiner at 1:56 p.m., April 5, 2006, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington, and continued administratively at 2:01 p.m. to allow DNRP to submit further information regarding the buffer to public land category. The hearing was closed on April 6, 2006.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes.

A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. **General Information:**

Owners: Dan and Connie Schaafsma

Enumclaw, WA 98022

Property location: Adjacent to and north of 39733 278th Way SE
Enumclaw, WA 98022

PBRS categories requested: **Open space resources**
Buffer to public land

Surface water quality buffer

Categories recommended: **Open space resources**
Significant plant site
Significant wildlife or salmonid habitat
Surface water quality buffer

Zoning: RA-5
Parcel no. 062007-9052
Total acreage: 10.04
Requested for PBRS: 9.00
Recommended PBRS: 8.01
STR: SW 06-20-07

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the April 5, 2006, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.

The following changes were made to the staff report at hearing and during the administrative continuance:

- A. Page 1, section 5, recommended PBRS acreage – change from 9.00 to 8.01
- B. Page 4, section E, buffer to public land – replace the existing language with the following:

“The property is adjacent to and provides a buffer of native vegetation to parcel no. 062007-9053 to the south, which is applying for enrollment in the PBRS program (file no. E05CT086). Currently, the landowners own both parcels (nos. 062007-9053 and 062007-9052), but are planning to sell no. 9052 during 2006. This category can be awarded administratively if the property to the south is enrolled in PBRS and if parcel no. 9052 is sold before the end of 2006.”

- C. Page 5, section A.3 – change the buffer to public land points from 3 to 0 and change the total points from 18 to 15.
 - D. Page 5, public benefit rating box should read as follows: “For the purpose of taxation, 15 points results in 40% of market value or a 60% reduction in taxable value for the portion of land enrolled.”
 - E. Page 6, section B – change the points in the first paragraph from 18 to 15.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2007. Notice of the application was given as required by law.
 4. The property contains priority open space resources and is eligible for a total award of 15 points under the King County Public Benefit Rating System. The resulting current use value therefore would be 40% of market value for 8.01 acres of the property.
 5. Credit may be awarded administratively for the buffer to public land category subject to enrollment of parcel no. 062007-9053 in the PBRS program and sale of 062007-90652 prior to the end of 2006. Credit for this category would increase the total point award to 18 with a resultant current use valuation of 30% for the enrolled portion of the property.

CONCLUSION:

1. Approval of current use valuation of 40% of market value for 8.01 acres of the property pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 40% of market value for 8.01 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the April 5, 2006, public hearing, and the following additional condition of approval:

1. Credit may be awarded administratively for the buffer to public land category as stated in Finding no. 5 above. Award for this category would increase the point total to 18 and result in a

current use valuation of 30% for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED this 12th day of April, 2006.

King County Hearing Examiner

committee, or may remand to the Examiner for further hearing or further consideration.
