2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the May 15, 2006, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2007. Notice of the application was given as required by law.
4. The property contains priority open space resources and is eligible for a total award of 22 points under the King County Public Benefit Rating System. The resulting current use value therefore would be 20% of market value for 12.30 acres of the property.
5. Credit may be awarded administratively for the forest stewardship land category subject to Applicant submission of a forest stewardship plan, County approval of the plan and commencement of implementation by September 1, 2006. Credit for this category would increase the total point award to 27 with no change to the property's current use valuation.

CONCLUSION:

1. Approval of current use valuation of 20% of market value for 12.30 acres of the property pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use

and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 20% of market value for 12.30 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the May 15, 2006, public hearing, and the following additional condition of approval:

1. Credit may be awarded administratively for the forest stewardship land category as stated in Finding no. 5 above. Award for this category would increase the point total to 27 with no change to the current use valuation for the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED this 24th day of May, 2006.
