**SUMMARY OF RECOMMENDATIONS:**

Department's Preliminary:	Approve 2.54 acres for 20% of market value

**PRELIMINARY REPORT:**

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E06CT019 was received by the Examiner on February 22, 2007.

**PUBLIC HEARING:**

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E06CT019 was held by the Examiner on March 7, 2007, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington and was continued administratively for receipt of proposed language regarding the buffer to public land category, which was received later that day and the hearing was closed.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

**FINDINGS, CONCLUSIONS & RECOMMENDATION:** Having reviewed the record in this matter, the Examiner now makes and enters the following:

**FINDINGS:**

1. **General Information:**

Owners: Rita Rutten & Phil Attfield  
4740 285<sup>th</sup> Ave. SE  
Fall City, WA 98024

Property location: 4740 285<sup>th</sup> Ave. SE  
Fall City, WA 98024

PBRS categories proposed and recommended: **Open space resources**  
Buffer to public land (contingent)  
Significant wildlife or salmonid habitat  
Special animal site  
Surface water quality buffer  
Watershed protection area  
**Bonus category**  
Additional surface water quality buffer

**COMMENT:** PBRS staff initiated this application through a proposal to the landowner (please see Exhibit #9). Resources were proposed by staff and not requested by the applicants.

Zoning: RA-5  
Parcel no.: 182407-9055  
Total acreage: 3.44  
Excluded area/homesite: .90  
Recommended PBRS: 2.54  
STR: SE 18-24-07

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the March 7, 2007, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.

The following change was made to the staff report at hearing:

- A. Page 4, section E, Buffer to public land – The following is added at the end of the paragraph, “, contingent on the Schrier property enrolling as proposed.”.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2008. Notice of the application was given as required by law.
4. The property contains priority open space resources and is eligible for a total award of 24 points under the King County Public Benefit Rating System. The resulting current use value therefore would be 20% of market value for 2.54 acres of the property.
5. Credit for the Buffer to Public Land category is contingent upon enrollment of adjacent parcel 182407-9019 (file no. E06CT024) in PBRS this year. Failure to qualify for this category will result in a reduced total point award of 21 with no change to the current use percentage valuation for the enrolled portion of the property.

#### CONCLUSION:

1. Contingent approval of current use valuation of 20% of market value for 2.54 acres of the property pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

#### RECOMMENDATION:

APPROVE current use valuation of 20% of market value for 2.54 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the March 7, 2007, public hearing, and the following additional condition of approval:

1. Credit for the Buffer to Public Land category is contingent on enrollment of the adjacent parcel in the PBRS program this year as indicated in Finding no. 5 above. Failure to qualify for this category will reduce the point total by 3 with no change to the current use percentage valuation of the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED March 30, 2007.
