Parcel nos.:	262302-9015	262302-9067	352302-9006
Total acreage:	0.18	3.07	9.02
Proposed PBRS:	0.18	3.07	4.67
Recommended PBRS:	0.18	3.07	4.56

COMMENT: The portion recommended for PBRS enrollment is the entire property less the excluded areas as measured. Total property size is 12.27 acres, of which 7.81 acres is recommended for participation.

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area(s), which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the April 18, 2007, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.

The following changes were made to the staff report at hearing:

- A. Page 1, section A.5, parcel 352302-9006, Recommended PBRS: 4.56 acres
- B. Page 2, section A.5, Comment: "...12.27 acres, of which 7.81 acres is..."

The following corrections to the staff report are noted:

- A. Page 1, section A.1, owners: Rebecca H. Green Testamentary Trust and Harold and Molly Green.
  - B. Page 1, section A.1, owners mailing address: 1628 Madrona Drive, Seattle, WA 98122
  - C. Page 1, section A.2, property location: 17705 Westside Highway Southwest, Vashon, WA 98070
  - C. Page 5, section E, forest stewardship plan: the forest stewardship plan should be provided by November 1, 2007.
  - E. Page 5, section E, Rural stewardship plan, line 3: "...If an ~~approved~~ rural stewardship plan..."
3. Timely application was made to King County for current use valuation of the subject property to begin in 2008. Notice of the application was given as required by law.
  4. The property contains priority open space resources and is eligible for a total award of 25 points under the King County Public Benefit Rating System. The resulting current use value therefore would be 20% of market value for 7.81 acres of the property.
  5. Credit may be awarded administratively for the following categories:
    - A. Historic landmark or archaeological site: eligible site: Credit for this category may be awarded if the County's historic preservation officer determines by September 1, 2007, that it is an eligible landmark site. Credit for this category would increase the point total by 3.

- B. \*Forest stewardship land: Credit for this category may be awarded if a forest stewardship plan is provided by November 1, 2007, and approved and implemented by December 1, 2007. Credit for this category would increase the point total by 5.
- C. \*Rural stewardship land: Credit for this category may be awarded if a rural stewardship plan is provided by November 1, 2007, and approved and implemented by December 1, 2007. The plan should address removal of invasive plants and restoration of approximately .40 acre adjacent to and west of the homesite. Credit for this category would increase the point total by 5.
- D. Conservation easement or historic easement: Credit may be awarded for this category if an approved conservation easement is recorded before December 30, 2007. Credit for this category would increase the point total by 15.
- E. \*Resource restoration: Credit may be awarded for this category if a resource restoration plan is provided by November 1, 2007, and approved and implemented by December 1, 2007. The plan should address removal of invasive plants and restoration of the approximately .40 acre adjacent to and west of the home site. Credit for this category would increase the point total by 5.

\*Of the forest stewardship, rural stewardship and resource restoration categories, credit may only be awarded under one category.

If additional credit is awarded that increases the point total by not less than 10 points, the resultant current use valuation for the enrolled portion of the property will be 10% of market value.

#### CONCLUSION:

1. Approval of current use valuation of 20% (or 10% if approved as noted above) of market value for 7.81 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

#### RECOMMENDATION:

APPROVE current use valuation of 20% of market value for 7.81 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the April 18, 2007, public hearing, and the following additional condition of approval:

1. Credit may be awarded administratively for the historic landmark or archaeological site; eligible site; forest stewardship land; rural stewardship land; conservation easement or historic easement; and/or resource restoration categories as noted in Finding no. 5 above. Credit for the forest stewardship, rural stewardship and resource restoration categories may not overlap. Additional credit of not less than 10 points will result in a current use valuation of 10% of market value for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED May 4, 2007.
