<b>`1</b>	AN ORDINANCE relating to the funding and provision of
2	Medic One emergency medical services; providing for the
3	submission to the electorate of King County, at a special
4	election on November 6, 2007, a proposition imposing the
5	levy of a regular property tax each year for six years,
6	collection beginning in 2008, at a rate of \$0.30 or less per
7	\$1,000 of assessed valuation to continue to provide Medic
8	One emergency medical services.
9	
10 -	PREAMBLE:
11	The King County emergency medical services (EMS) system, publicly
12	known as Medic One, is an integrated publicly funded partnership
13	between the county, cities, fire districts, hospitals and the University of
14	Washington.
15	Medic One is a tiered response system that includes basic life support by
16	city and fire district emergency medical technicians, advanced life
17	support by accredited paramedics and regional support programs that

18	provide citizen and emergency personnel training, and medical oversight
19	and planning.
20	Since 1979, Medic One has saved countless lives, tripling the survival
21	rate of victims of cardiac arrest and doubling hospital discharge rates
22	alone. Sustained funding of Medic One is needed to continue this
23	critical service to the residents of King County.
24	BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:
25	SECTION 1. Approval of cities over 50,000 population. Pursuant to RCW
26	84.52.069, approval to place this county-wide levy proposal on the ballot shall be
27	obtained from the legislative bodies of all cities in the county over 50,000 in population,
28	and adopted not later than July 16, 2007, before submission to the electorate of King
29	County on the special election ballot of November 6, 2007.
30	SECTION 2. Definitions. The definitions in this section apply throughout this
31	ordinance unless the context clearly requires otherwise.
32	A. "County" means King County.
33	B. "Levy" means the levy of regular property taxes, for the specific purpose and
34	term provided in this ordinance and authorized by the electorate in accordance with state
35	law.
36	C. "Levy proceeds" means the principal amount of funds raised by the levy, any
37	interest earnings on the funds and the proceeds of any interim financing following
38	authorization of the levy.
39	SECTION 3. City of Seattle reimbursement. It is recognized that the city of
40	Seattle operates and funds a Medic One emergency medical services program that is

separate from the county program but part of the regional delivery system. All levy proceeds collected pursuant to the levy authorized in this ordinance from taxable property located within the legal boundaries of the city of Seattle shall be reimbursed and transferred to the city of Seattle.

SECTION 4. Levy submittal to voters. To provide necessary funds for the Medic One emergency medical services system under the authority of RCW 84.52.069, the county council will submit to the qualified electors of the county a proposition authorizing a regular property tax levy for six consecutive years, with collection commencing in 2008, at a rate not to exceed \$0.30 per one thousand dollars of assessed value. As provided under state law, this levy shall be exempt from the rate limitations under RCW 84.52.043, but subject in years two through six to the limitations imposed under chapter 84.55 RCW.

SECTION 5. Deposit of levy proceeds. All funds not reimbursed to the city of Seattle under section 3 of this ordinance shall be deposited into the county emergency medical services fund.

SECTION 6. Eligible expenditures. If approved by the qualified electors of the county, all proceeds of the levy authorized in this ordinance shall be used in accordance with RCW 84.52.069.

SECTION 7. Medic One financial policies -- findings. The council finds that it is in the best interest of the county and its taxpayers to formalize financial policies to assure the stability of the Medic One emergency medical services program. Temporary suspension of these financial policies may be necessary under specific circumstances as described in this ordinance.

SECTION 8. EMS financial policy — contingent appropriation for disaster response. A contingent appropriation for disaster response shall be made each year from the emergency medical services fund. These funds may be expended only with a proclamation of emergency by the county executive requiring significant mobilization of the Medic One emergency medical services system. The proclamation must be filed with the clerk of the council as required by K.C.C. 12.52.030.C, and shall also be filed with the Medic One/EMS advisory committee. Any expenditure must be in accordance with section 6 of this ordinance.

SECTION 9. EMS financial policy -- reserves for unanticipated inflation.

Designated reserves shall be established in the 2008-2013 Medic One emergency medical services levy financial plan to maintain Medic One operations if inflation exceeds forecasted levels. Each designated reserve shall be described in the financial plan and must clearly identify the relevant inflation or cost index linked to its expenditure. Any designated reserve requirement may be temporarily suspended by declaration of unexpected inflation by the county executive, provided that the requirements of section 10 of this ordinance are satisfied. Notification of any such temporary suspension must be filed with the clerk of the county council, who shall transmit a copy to the Medic One/EMS advisory committee. Any expenditure of reserve funds requires an appropriation from the county.

SECTION 10. EMS financial policy -- reserve for unanticipated inflation -- basis for temporary suspension. A temporary suspension of the inflation reserve in section 9 of this ordinance may be declared only after the relevant inflation or cost index in the preceding year is more than one percent above the level anticipated in the adopted

levy financial plan or the most current forecast of the relevant inflation or cost index for the upcoming one-year budget cycle exceeds by one percent or more the assumptions in the adopted levy financial plan.

SECTION 11. EMS financial policy -- undesignated fund balance. The council intends that the proposed financial plan and annual budgets for the emergency medical services fund shall provide for an undesignated fund balance equal to six percent of that year's adopted revenue. The undesignated fund balance requirement in this chapter may be temporarily suspended by the council if necessary to protect the public health, safety and welfare. The executive shall transmit to the council and the Medic One/EMS advisory committee a report outlining the need to suspend this policy and explaining any extraordinary measures that must be taken to protect the public health, safety and welfare. Any expenditure of undesignated fund balance would require an appropriation from the council.

SECTION 12. **Program cost allocations.** Allocations to support the advanced life support services and basic life support services programs shall be made in accordance with the baseline cost and inflation assumptions contained in Attachment C to this ordinance, entitled inflation assumptions and ALS/BLS costs. Allocations will be adjusted proportionately based on actual inflation in the preceding year, as published by the referenced statistical agency.

SECTION 13. Millage reduction. For the duration of the 2008-2013 Medic One emergency medical services levy, the emergency medical services levy financial plan shall include a reserve for millage reduction. This reserve shall encompass all funds for millage reduction in the adopted emergency medical services levy financial plan, any

property taxes collected annually in excess of the amounts in the emergency medical services levy financial plan, any surplus in the emergency medical services levy financial plan as the result of lower than expected expenditures under section 12 of this ordinance and Attachment C to this ordinance, and any unused salary and wage contingency funds for each year in which inflation is equal to or less than the thresholds contained in the emergency medical services financial plan appendix A, Attachment B to this ordinance. Each year, beginning in 2009, any balance in the millage reduction reserve shall be used to reduce the medic one emergency medical services levy from the amount that would otherwise have been levied, except as otherwise authorized by ordinance.

SECTION 14. **Ratification by voters.** This levy shall be submitted to the voters for approval in accordance with RCW 84.52.069.

SECTION 15. Call for special election. In accordance with RCW 29A.04.321, a special election is called for November 6, 2007, to consider a proposition authorizing a regular property tax levy for the purposes described in this ordinance. The manager of the records, elections and licensing services division shall cause notice to be given of this ordinance in accordance with the state constitution and general law and to submit to the qualified electors of the county, at the said special county election, the proposition hereinafter set forth. The clerk of the council shall certify that proposition to the manager of the records, elections and licensing services division, in substantially the following form:

PROPOSITION ONE: The King County Council passed Ordinance \_\_\_\_
concerning funding for the Medic One emergency medical services system. This
proposition would replace an expiring levy to continue funding of Medic One emergency

133	medical services. It would authorize King County to impose regular property tax levies
134	of \$0.30 or less per thousand dollars of assessed valuation for each of six consecutive
135	years, with collection beginning in 2008, as provided in King County Ordinance
136	Should this proposition be:
137	Approved?
138	Rejected?
139	SECTION 16. Interlocal agreement. The county executive is hereby authorized
140	and directed to enter into an interlocal agreement with the city of Seattle relating to the
141	Medic One program, to implement the provisions of section 3 of this ordinance.
142	SECTION 17. Ratification. Certification of the proposition by the clerk of the
143	county council to the King County manager of records, elections and licensing services in
144	accordance with law before the election on November 6, 2007, and any other act
145	consistent with the authority and before the effective date of this ordinance are hereby
146	ratified and confirmed.
147	SECTION 18. The manager, King County records, elections and licensing
148	services division, is hereby authorized and requested to prepare and distribute a local
149	voters' pamphlet, pursuant to K.C.C. 1.10.010, for the special election called for in this
150	ordinance, the cost of the pamphlet to be included as part of the cost of the election.
151	SECTION 19. Severability. If any provision of this ordinance or its application

to any person or circumstance is held invalid, the remainder of the ordinance or the application of the provision to other persons or circumstances is not affected.

154

Ordinance 15861 was introduced on 4/30/2007 and passed as amended by the Metropolitan King County Council on 7/2/2007, by the following vote:

Yes: 8 - Mr. Gossett, Ms. Patterson, Ms. Lambert, Mr. von Reichbauer, Mr.

Dunn, Mr. Ferguson, Ms. Hague and Mr. Constantine

No: 0

Excused: 1 - Mr. Phillips

#### FOOTNOTES TO EMERGENCY MEDICAL SERVICES LEVY FINANCIAL PLAN

- (a) For 2008-2013, ALS provider allocation estimates are shown based on the 2007 distribution of units.
- (b) Funding assumes the schedule for new King County units in the strategic plan (cumulative):

2008	0.5 units
2009	0.5 units
2010	1.0 units
2011	1.0 units
2012	1.5 units
2013	2.0 units

New units and/or fractional units will be allocated based on a thorough regional analysis using the established criteria for paramedic units. The major unit indicators include the following:

- Unit workload;
- Unit response time;
- Availability in primary service area and dependence on backup;
- Frequency and service impact of multiple alarms; and
- Paramedic exposure to critical skill sets.

Consistent with this criteria, new unit allocations will be recommended by the EMS Advisory Committee and appropriated by the King County Council.

- (c) Funding is included to address paramedic service level disparities in Vashon and Skykomish (including potential elimination of paramedic transport fees). Expenditure of these funds requires approval by the EMS Advisory Committee in addition to appropriation by the King County Council.
- (d) For 2008-2013, BLS provider allocation estimates are shown for illustration purposes only. Provider allocation levels were adjusted based on 2005 call volumes and 2007 assessed valuation; actual 2008 allocations will be based on data that is not yet available in accordance with the BLS allocation formula.
- (e) ALS Salary and Wage contingency is considered a reserve under the restrictions of sections 10 and 11 of the Medic One emergency medical services levy ordinance. This annual contingency is equal to a one percent increase over assumed paramedic COLA levels. Pursuant to the ordinance, expenditure of this reserve is linked to the consumer price index, subject further to appropriation by the King County Council. These funds can also be used to replenish other reserves for unanticipated inflation (also subject to the provisions of sections 10 and 11 of the Medic One emergency medical services levy ordinance), or can be made available for millage rate reduction
- (f) Reserves for the 2002-2007 levy, in particular for Regional Services in 2007, are listed here as an expenditure in anticipation of a supplemental appropriation over the course of 2007.
- (g) Disaster Response Contingency is phased in between 2008 and 2009. Funding is equal to the cost of full mobilization of the Medic One paramedic system for a period of three weeks. This contingency is subject to the restrictions in section 9 of the Medic One emergency medical services levy ordinance.
- (h) Although appropriated, Disaster Response Contingency funds are not assumed to be expended, reflected as a credit in the following year. In the event of a disaster that depletes these funds, the County Executive, EMS Advisory Committee, and County Council will work collaboratively to rebalance the financial plan for the remainder of the levy period.

#### FOOTNOTES TO EMERGENCY MEDICAL SERVICES LEVY FINANCIAL PLAN

- (i) ALS Provider Balances are funds that have been allocated to specific providers, but not yet appropriated. These funds are banked for future capital costs, or to cover future collective bargaining obligations.
- (j) The EMS Levy Financial Plan assumes diesel price of \$2.38 per gallon. As of May 1, 2007, the average diesel fuel price in the Seattle metropolitan area is \$3.04 per gallon. This reserve is adequate to fund ALS operations at up to \$3.38 per gallon for a period of 18 months; for 2013, coverage is reduced to 9 months. This reserve is subject to the restrictions under sections 10 and 11 of the Medic One emergency medical services levy ordinance. Pursuant to the ordinance, expenditure of this reserve is linked to the average price of diesel fuel, as reported by the US Department of Energy. These funds can also be used to replenish other reserves for unanticipated inflation (also subject to the provisions of sections 10 and 11 of the Medic One emergency medical services levy ordinance).
- (k) The pharmaceutical/medical equipment reserve mitigates unanticipated medical cost inflation. A buffer of 2.5 percent is achieved through 2010, staged to 1.0 percent by 2013. This reserve is subject to the restrictions under sections 10 and 11 of the Medic One emergency medical services levy ordinance. These funds can also be used to replenish other reserves for unanticipated inflation (also subject to the provisions of sections 10 and 11 of the Medic One emergency medical services levy ordinance).
- (I) The call volume/utilization reserve provides limited funding to address unanticipated demands on the Medic One emergency medical services system. These funds are intended to augment service levels or otherwise mitigate the demand for emergency medical services. This reserve is subject to the restrictions under sections 10 and 11 of the Medic One emergency medical services levy ordinance. Pursuant to the ordinance, expenditure of this reserve is linked to call volumes and other criteria listed in footnote b, as reviewed by the EMS advisory committee. These funds can also be used to replenish other reserves for unanticipated inflation (also subject to the provisions of sections 10 and 11 of the Medic One emergency medical services levy ordinance).
- (m) Disruption to the six-year vehicle replacement cycle may occur with discontinuation of chassis models that facilitate reuse of vehicle components and equipment. The chassis obsolescence reserve designates funds to partially offset potentially higher vehicle replacement costs.
- (n) The Medic One program faces substantial operational risks. A risk management reserve is established to ensure the continuity of smaller providers in the event of significant loss. Any assistance provided from this reserve will be limited, and will require consideration by the EMS Advisory Committee.
- (o) Beginning in 2010, provision is made to potentially reduce the effective levy rate. While the primary purpose of this reserve is to receive unexpended contingency funds for outyear levy reduction, these funds are also available to replenish other reserves.
