327 E. When the computer magnetic tapes obtained pursuant to this chapter are

342 amended to read as follows:

343 The purchase price of the copies of the computer tapes and paper and microfilm

347 print-outs during the next fiscal year. The charges shall be determined on the basis of the
348 amount necessary to reimburse the county its actual costs for furnishing copies of the
349 requested tapes and computer print-outs.

350 SECTION 18. Ordinance 159, Section 4, as amended, and K.C.C. 1.16.040 are
351 each hereby amended to read as follows:

352 The clerk of the council shall assign a serial number to each initiative measure or
353 referendum petition, using a separate series for each, and forthwith transmit one copy of the

354 measure proposed, bearing its serial number, to the elections ~~((D))~~division ~~((of Records and~~
355 ~~Elections))~~ and the office of the prosecuting attorney. Thereafter a measure shall be known
356 and designated on all petitions, ballots and proceedings as "Initiative Measure No. . . ." or
357 "Referendum Measure No."

358 SECTION 19. Ordinance 159, Section 5, as amended, and K.C.C. 1.16.050 are
359 each hereby amended to read as follows:

360 Within five days after the filing of an initiative measure or referendum petition with
361 the clerk of the council, the prosecuting attorney shall prepare a ballot title and transmit it
362 to the clerk of the council and the ~~((Records and))~~ ~~((E))~~elections ~~((D))~~division bearing the
363 serial number of the measure. The ballot title shall be a concise statement in the form of a
364 question containing the essential features of the measure and not exceeding twenty words
365 and may be drafted in common language for greater clarity. The ballot title shall be
366 phrased in language so that a yes vote will clearly be a vote in favor of the action or
367 condition that would result from the approval of the measure, and a no vote will clearly be
368 a vote in opposition to such action or condition. In the case of a referendum to ratify or
369 revoke some prior action, the ballot title may refer directly to the prior action rather than to
370 the ratification or revocation of said action. The ballot title prepared by the prosecuting
371 attorney shall be included in the referendum or initiative petition as provided for in
372 ~~((Sections))~~ K.C.C. 1.16.070 and 1.16.080.

376 referendum measure in that office, the ~~((Records and))~~ ~~((E))~~elections ~~((D))~~division shall

377 forthwith notify the persons proposing the measure, by mail, of the exact language thereof.
378 Thereafter, such ballot title shall be the title of the measure in all proceedings in relation
379 thereto.

380 SECTION 21. Ordinance 834, Section 1, as amended, and K.C.C. 1.16.100 are
381 each hereby amended as follows:

382 A. When petitions for initiative or referendum action are filed with the county
383 council, the ~~((records,)) elections ((and licensing services))~~ division shall proceed to
384 canvass and count the names of the legal voters on the initiative or referendum. The
385 ~~((records, elections and licensing services))~~ division may use any statistical sampling
386 techniques for this canvass that have been approved by the county council. However, no
387 petition shall be rejected on the basis of any statistical method employed and no petition
388 shall be accepted on the basis of any statistical method employed if that method indicates
389 that the petition contains fewer than the requisite number of signatures of legal voters. If
390 the ~~((records, elections and licensing services))~~ division finds the same name signed to
391 more than one petition, it shall count only the first valid signature and shall reject all
392 subsequent instances of the signature of the same person on the petition. After the petitions
393 are processed, the ~~((records, and licensing services))~~ division shall transmit a certified copy
394 of the facts relating to the filing of the petition and the canvass to the county council.

395 B. In the verification of signatures on initiative and referendum petitions, the
396 ~~((records,)) elections ((and licensing services))~~ division shall use the random sampling
397 statistical procedure as authorized by WAC 434-379-010.

398 SECTION 22. Ordinance 8024, Section 2, and K.C.C. 1.18.020 are each hereby
399 amended to read as follows:

400 For the purpose of this chapter the following definitions are adopted:

401 A. ~~((ALTER/ALTERATION-))~~ 1. To "alter" means to cause alteration.

402 "Alteration" is any change to a referendum or initiative petition which occurs between the
403 time the form and language of the petition are approved by the clerk of the council and the
404 time when signed petitions are returned to the clerk, with the exception of:

405 a. The signatures and other information required of the petition signers;

406 b. Normal wear and tear, so long as such wear and tear does not prevent one
407 from reading all of the approved language on the petition.

408 2. The following are representative examples of alteration:

409 a. The addition of any unapproved language, either printed or handwritten;

410 b. The crossing-out, covering or obscuring of approved language;

411 c. The underlining or highlighting of any words or part of the petition;

412 d. The physical attachment to the petition by any means - for example, by
413 stapling, taping, gluing, or clipping - of any unapproved document.

414 3. Alteration is either permanent, that is, observable at the time the signed
415 petitions are returned to the clerk of the council; or temporary, that is, occurring at any time
416 during the solicitation of signatures for the petition but not longer observable when the
417 signed petitions are returned to the clerk of the council.

418 B. ~~((CANVASSING BOARD-))~~ The "canvassing board" shall consist of the
419 ~~((county))~~ executive, the manager of the ~~((records and))~~ elections division~~((,))~~ and the
420 ~~((county prosecutor))~~ prosecuting attorney, or their respective designees. The powers and
421 duties of the canvassing board as set forth in this chapter are independent of any powers
422 and duties created by Title 29A RCW or any other state statute.

423 SECTION 23. Ordinance 8024, Section 5, and K.C.C. 1.18.050 are each hereby
424 amended to read as follows:

425 When signed petitions are filed with the council pursuant to K.C.C. 1.16.100, the
426 clerk of the council shall examine the petitions to determine whether they have been
427 permanently altered. Any altered petitions shall be retained by the clerk and not
428 transmitted to the ~~((records and))~~ elections division for canvassing and counting. The clerk
429 shall notify the petition sponsor~~((s))~~ or sponsors of this action and shall make the altered
430 petitions available for inspection. The ~~((records and))~~ elections division shall incorporate
431 the fact that altered petitions were not counted in its certified copy of the facts filed
432 pursuant to K.C.C. 1.16.100.

433 SECTION 24. Ordinance 8024, Section 6, and K.C.C. 1.18.060 are each hereby
434 amended to read as follows:

435 Before the ~~((records and))~~ elections division certifies the facts relating to the filing
436 and canvass of an initiative petition pursuant to K.C.C. 1.16.100, or before the expiration of
437 forty-five days after enactment of the ordinance which is the subject of a referendum
438 petition, a registered voter may allege that petitions have been temporarily altered. This
439 allegation shall be made by filing with the clerk of the council an affidavit which states the
440 factual basis for the allegation. The clerk of the council shall transmit a copy of the
441 affidavit to the ~~((records and))~~ elections division, which shall proceed to count and canvass
442 the names of the legal voters on the petitions transmitted to it by the clerk of the council. If
443 the number of signatures which would be valid if obtained on unaltered petitions is
444 insufficient to satisfy the requirements of ~~((Charter))~~ Section 230.40 or 230.50 of the King
445 County Charter, then the ~~((records and))~~ elections division shall certify the facts relating to

446 the filing and canvass of the petition pursuant to K.C.C. 1.16.100. If the number of
447 signatures which would be valid if obtained on unaltered petitions satisfies the
448 requirements of ~~((Charter))~~ Section 230.40 or 230.50 of the King County Charter, then the
449 ~~((records and))~~ elections division shall transmit to the members of the canvassing board
450 both its count of the signatures and a copy of the affidavit alleging alteration.

451 SECTION 25. Ordinance 8024, Section 7, and K.C.C. 1.18.070 are each hereby
452 amended to read as follows:

453 The members of the canvassing board, upon receipt from the ~~((records and))~~
454 elections division of an affidavit alleging temporary alteration and a count of the signatures
455 which would be valid if obtained on unaltered petitions, shall convene a fact-finding
456 hearing as follows:

457 A. The canvassing board shall determine whether temporary alteration took place
458 as alleged, and, if so, shall determine whether the number of signatures invalidated by
459 alteration reduces the number of signatures that can be counted below the requirements of
460 ~~((Charter))~~ Section 230.40 or 230.50 of the King County Charter.

461 B. The members of the canvassing board must agree unanimously in order to
462 invalidate signatures pursuant to K.C.C. 1.18.040 ~~((of this chapter))~~.

463 C. The parties to the hearing shall be the petition challenger~~((s))~~ or challengers
464 and the petition sponsor~~((s))~~ or sponsors. The petition challenger~~((s))~~ or challengers
465 shall have the burden of proving the fact, nature~~((s))~~ and extent of the alteration by a
466 preponderance of the evidence.

467 D. The hearing shall be electronically recorded.

468 E. The hearing shall commence no later than three days after the affidavit which
469 alleges alteration and the count of signatures is transmitted to the members of the
470 canvassing board, unless both the petition challenger(~~((s))~~) or challengers and the petition
471 sponsor(~~((s))~~) or sponsors agree upon a later date.

472 F. The (~~(prosecutor)~~) prosecuting attorney or (~~(his)~~) the prosecuting attorney's
473 designee shall be responsible for scheduling the hearing, for giving timely notice of its date
474 to the petition challenger(~~((s))~~) or challengers and petition sponsor(~~((s))~~) or sponsors, and
475 for making procedural rulings during the hearing. These procedural decisions of the
476 (~~(prosecutor)~~) prosecuting attorney or (~~(his)~~) the prosecuting attorney's designee shall be
477 subject to modification by majority vote of the canvassing board.

478 G. The canvassing board shall transmit its findings to the (~~(records and)~~) elections
479 division, which shall incorporate the findings into the certified copy of the facts filed
480 pursuant to K.C.C. 1.16.100.

481 SECTION 26. Ordinance 8024, Section 8, and K.C.C. 1.18.080 are each hereby
482 amended to read as follows:

483 The decision of the clerk of the council regarding permanent alteration and the
484 decision of the canvassing board regarding temporary alteration shall be final unless an
485 aggrieved petition challenger or sponsor both applies for a writ of certiorari with the (~~(King~~
486 ~~County S))superior ((C))court and serves a copy of the writ application on the clerk of the
487 council within ten (~~((10))~~) calendar days of the date the (~~(records and)~~) elections division
488 files a certified copy of the facts pursuant to K.C.C. 1.16.100.~~

1071 affirmative efforts, and contracts for which waivers were granted. The report shall also
1072 identify problems in meeting the requirements of this chapter, if any, and suggestions for
1073 improvements.

1074 E. Monitoring of Effects. The administrator shall establish procedures to collect
1075 evidence and monitor the effects of the provisions of this chapter in order to assure, insofar
1076 as is practical, that the remedies set forth herein do not disproportionately favor one or
1077 more racial or ethnic groups and that the remedies do not remain in effect beyond the point
1078 that they are required to eliminate the effects of discrimination in the local contracting
1079 industries. To the extent further amendments to this chapter are required to effect these
1080 ends, the administrator shall prepare appropriate ordinances for the council's consideration.

1081 F. Certification and Recognition Process.

1082 1. Pursuant to Chap. 328, Laws of 1987, the Office of Minority and Women's
1083 Businesses of the State of Washington shall be solely responsible for certifying and
1084 decertifying businesses. The county's minority and women's business enterprise program is
1085 only for minorities and minority business and women's businesses and combination
1086 businesses as defined in ((Section)) K.C.C. 4.18.010; therefore the administrator shall
1087 recognize only those combination minority and women's business enterprises or minority
1088 business enterprises certified by the ((S))state of Washington which also meet the
1089 definitions of ((Section)) K.C.C. 4.18.010, according to minority status information
1090 provided to the county by the Office of Minority and Women's Businesses of the ((S))state
1091 of Washington. Businesses are only eligible for the county's programs so long as they
1092 remain certified by the ((S))state of Washington.

1093 2. It shall be considered a violation of this chapter to obtain, or attempt to obtain,
1094 certification or the benefits of any provision of this chapter, on the basis of false or
1095 misleading information, whether provided to the county or to the Office of Minority and
1096 Women's Businesses of the ((S))state of Washington.

1097 3. No contract requiring or proposing minority/women's business participation
1098 may be entered into unless all minority/women's businesses identified to meet the
1099 utilization goals by a responding party were, at the time the bid was submitted, certified by
1100 the Office of Minority and Women's Businesses of the State of Washington and recognized
1101 by the administrator as eligible to participate in the county's minority/women's business
1102 program and the administrator determines all identified minority/women's businesses
1103 appear able to perform a commercially useful function on that contract as proposed. Lists
1104 of certified and recognized minority/women's businesses shall be provided to all
1105 departments and made available to the public.

1106 4. No business shall apply to the county in order to participate in the programs
1107 established by this chapter.

1108 G. Where a complaint is filed within one year of the completion of all work on a
1109 contract alleging a violation of this chapter by a contractor, subcontractor or contract-
1110 awarding authority, or where, within that time period, evidence of a violation is discovered
1111 from information gained through compliance monitoring, the administrator shall cause to
1112 be served or mailed, by certified mail, return receipt requested, a copy of the complaint or
1113 notice of investigation on the respondent within twenty days after the filing of said charge
1114 and shall promptly make an investigation thereof. The investigation shall be directed to
1115 ascertain the facts concerning the violation alleged in the complaint and shall be conducted
1116 in an objective and impartial manner. During the investigation, the administrator shall
1117 consider any statement of position or evidence with respect to the allegations of the
1118 complaint which the complainant or the respondent wishes to submit.

1119 1. The administrator shall have authority to sign and issue subpoenas requiring the
1120 attendance and testimony of witnesses, the production of evidence including but not limited
1121 to books, records, correspondence or documents in the possession or under the control of
1122 the person subpoenaed, and access to evidence for the purpose of examination and copying
1123 as is necessary for the investigation. The administrator shall consult with the county
1124 prosecuting attorney before issuing any subpoena under this section.

1125 If an individual fails to obey a subpoena, or obeys a subpoena but refuses to testify
1126 when requested concerning any matter under investigation, the administrator may invoke
1127 the aid of the county prosecuting attorney who shall petition to the ~~((S))~~superior ~~((C))~~court
1128 for King County for an order or other appropriate action necessary to secure enforcement
1129 of the subpoena. The petition shall be accompanied by a copy of the subpoena and proof of
1130 service, and shall set forth in what specific manner the subpoena has not been complied
1131 with, and shall ask for an order of the court to compel the witness to appear and testify or
1132 cooperate in the investigation of the violation.

1133 2. The results of the investigation shall be reduced to written findings of fact and a
1134 finding shall be made that there either is or is not reasonable cause for believing that a
1135 violation has been or is being committed. If a finding is made that there is no reasonable
1136 cause, said finding shall be served on the complainant and respondent. Within thirty days
1137 after service of such negative finding, the complainant shall have the right to file a written
1138 request with the administrator asking for reconsideration of the finding. The administrator
1139 shall respond in writing within a reasonable time by granting or denying the request.

1140 H. If the finding is made initially or on request for reconsideration that reasonable
1141 cause exists to believe that a violation by a contractor or subcontractor has occurred, the

1142 administrator shall endeavor to remedy the violation by conference, conciliation and
1143 persuasion, which may include monetary compensation, the creation of additional
1144 opportunities for minority or women's utilization on other contracts((,)) or such other
1145 requirements as may lawfully be agreed upon by the parties and the administrator. Any
1146 settlement agreement shall be reduced to writing and signed by both parties. An order shall
1147 then be entered by the administrator setting forth the terms of the agreement. Copies of
1148 such order shall be delivered to all affected parties and the original thereof filed with the
1149 ((division of)) records and ((elections)) licensing services division.

1150 If no agreement can be reached, a finding to that effect shall be made by the
1151 administrator and incorporated in a preliminary order, with a copy thereof furnished to the
1152 complainant and the respondent. The preliminary order shall also include:

- 1153 1. A finding that a violation has occurred;
- 1154 2. The basis for such finding.

1155 I. In the case of failure to reach an agreement for the elimination of such a
1156 violation, and upon the entry of a preliminary order, the complaint and any and all findings
1157 made and remedies ordered shall be certified by the administrator to the office of the
1158 county hearing examiner for hearing.

1159 A hearing shall be conducted by the office of the hearing examiner for the purpose
1160 of affirming, denying, or modifying the preliminary order. The hearing shall be conducted
1161 on the record and the hearing examiner shall have such rule making and other powers
1162 necessary for conduct of the hearing as are specified by K.C.C. chapter 20.24. Such
1163 hearings shall be conducted within a reasonable time after receipt of the certification.

1164 Written notice of the time and place of the hearing shall be given at least ten days prior to
1165 the date of the hearing to each affected party and to the administrator.

1166 Each party shall have the following rights, among others:

- 1167 1. To call and examine witnesses on any matter relevant to the issues of the
1168 complaint;
- 1169 2. To introduce documentary and physical evidence;
- 1170 3. To cross-examine opposing witnesses on any matter relevant to the issues of
1171 the complaint;
- 1172 4. To impeach any witness regardless of which party first called him to testify;
- 1173 5. To rebut evidence against him/her; and
- 1174 6. To represent himself(~~/~~) or herself or to be represented by anyone of his(~~/~~) or
1175 her choice who is lawfully permitted to do so.

1176 J. Following review of the evidence submitted, the hearing examiner presiding at
1177 the hearing shall enter written findings and conclusions and shall render a written decision
1178 and shall order one or more of the following:

- 1179 1. Dismissal of the complaint when a violation is found not to have occurred;
- 1180 2. Suspension or cancellation of the contract in part or in whole;
- 1181 3. Disqualification and/or debarment of the violator from participation in county
1182 contracts for a period of up to five years;
- 1183 4. Exclusion of the violator from future contracts or vending until demonstration
1184 of compliance;
- 1185 5. Enforcement of any provision of the contract providing remedies, such as
1186 penalties or liquidated damages for violation of contractual provisions, or enforcement of

1187 any other remedy available under the laws of the county. Upon a finding by the hearing
1188 examiner that a contractor has in fact failed to perform a commercially useful function or
1189 has operated as a broker, front, conduit or pass through business, liquidated damages
1190 specified in the contract shall be imposed unless the hearing examiner finds that imposition
1191 of such damages would be clearly inequitable, in which case the hearing examiner may
1192 order appropriate relief.

1193 K. If a finding is made that there is reasonable cause to believe that a contract
1194 awarding authority has committed a violation, the finding shall be forwarded to the
1195 executive, who shall review the evidence and shall order one or more of the following:

- 1196 1. Dismissal of the complaint when a violation is found not to have occurred;
- 1197 2. Corrective personnel action;
- 1198 3. Disqualification and suspension of authority of all members, any board,
1199 commission, or other body constituting the violating contract awarding authority;
- 1200 4. Enforcement of any other remedy available under the laws of the county.

1201 L. Upon receipt of a written and signed allegation that a business owner is
1202 improperly being considered to be, or has improperly been rejected as, a minority business
1203 or women's business as defined in this chapter, or that a waiver or reduction of set-aside
1204 requirements has been improperly denied or granted, or if such information is discovered
1205 from information gained through compliance monitoring, the administrator shall conduct or
1206 cause to be conducted an investigation. The pendency of such allegations or of subsequent
1207 hearings on such allegations shall not be grounds to postpone or restrain the award of any
1208 contracts then being advertised or for which bids have been received. If there is reasonable
1209 cause to believe that corrective action is warranted, the administrator will, upon ten days

1210 written notice to all interested parties of whom he/she is aware, and upon publication of
1211 notice of the hearing in the manner provided for the advertising of contracts, conduct or
1212 cause to be conducted a hearing to determine whether or not the allegation is correct. The
1213 hearing shall be recorded and each interested party shall have the right to call and examine
1214 witnesses, to produce documentary and physical evidence, to cross-examine witnesses, and
1215 to be represented by anyone of his((/)) or her choice lawfully permitted to do so. The
1216 hearing officer designated by the administrator shall permit testimony to be given by any
1217 parties which would be directly affected by the matter, and a representative of the executive
1218 department or administrative office affected by the investigation.

1219 After the hearing, the administrator or designated hearing officer shall make
1220 findings and conclusions and shall order appropriate corrective action, if any.

1221 M. In addition to any other remedy available under the laws of the county and the
1222 ((S))state of Washington any person, firm, corporation, business, union, or organization
1223 which prevents or interferes with or retaliates against a contractor and/or subcontractor's
1224 efforts to comply with the requirements of this chapter or which submits false or
1225 misleading information to any county department or employee concerning compliance with
1226 this chapter shall be subject to a civil penalty of up to five thousand dollars for each
1227 occurrence, the county having previously complied with the notice and hearing provisions
1228 of this chapter. Each submission of false or misleading information shall constitute a
1229 separate occurrence.

1388 location of all buildings, parking areas and access points; safety features of the firing

1391 D. A safety plan shall be submitted which cites rules for each range, sign-in

2391 SECTION 91. Ordinance 10511, Section 7, as amended, and K.C.C. 20.36.100 are
2392 each hereby amended to read as follows:

2393 To be eligible for open space classification under the public benefit rating system,
2394 property must contain one or more qualifying open space resources and have at least five
2395 points as determined under this section. These resources are based on the adopted King
2396 County Open Space Plan referenced in K.C.C. 20.12.380. The department shall review
2397 each application and recommend award of credit for current use of property that is the
2398 subject of the application. In making such a recommendation, the department shall utilize
2399 the point system described in subsections A. and B. of this section.

2400 A. The following open space resources are each eligible for the points indicated:

2401 1. Active or passive recreation area - five points. For the purposes of this
2402 subsection A.1, "active or passive recreation area" means land devoted to providing
2403 nonmotorized active or passive recreation use or that complements or substitutes for
2404 recreation facilities characteristically provided by public agencies. To be eligible as an
2405 active or passive recreation area, the facilities must be open to the general public or to
2406 specific public user groups, such as youth, senior citizens or people with disabilities. A
2407 property must be identified by the responsible agency within whose jurisdiction the
2408 property is located, as meeting the definition of an active or passive recreation area.
2409 Enrolling property must adhere to best management practices or standards, as defined in

2410 K.C.C. 21A.06.098, where available. If a fee is charged for use, it must be comparable to
2411 the fee charged by a like public facility;

2412 2. Aquifer protection area - five points. For the purposes of this subsection A.2,
2413 "aquifer protection area" means property that has a plant community in which native plants
2414 are dominant and that is located within an area designated as a critical aquifer recharge area
2415 under K.C.C. chapter 21A.24. To be eligible as an aquifer protection area, at least fifty
2416 percent of the enrolling open space area or a minimum of one acre of open space shall be
2417 designated as a critical aquifer recharge area. The enrolling open space area must have a
2418 plant community in which native plants are dominant, or a plan for revegetation must be
2419 submitted and approved by the department, and be implemented according to its proposed
2420 schedule of activities;

2421 3. Buffer to public land - three points. For the purposes of this subsection A.3,
2422 "buffer to public land" means land that has a plant community in which native plants are
2423 dominant and that is adjacent and provides a buffer to a publicly owned park, forest,
2424 wildlife preserve, natural preserve, sanctuary, parkway, trail, highway, designated
2425 greenway or is adjacent and provides a buffer to a property participating in a current use
2426 taxation program under chapter 84.34 RCW. The buffer shall be no less than fifty feet in
2427 length and fifty feet in width. Public roads may separate the public land, or land in private
2428 ownership classified under chapter 84.34 RCW, from the buffering land, if the entire buffer
2429 is at least as wide and long as the adjacent section of the road easement. Landscaping or
2430 other nonnative vegetation shall not separate the public land or land enrolled under chapter
2431 84.34 RCW from the native vegetation buffer. The department may grant an exception to
2432 the native vegetation requirement for property along parkways with historic designation,

2433 upon review and recommendation of the historic preservation officer of King County or the
2434 local jurisdiction in which the property is located. Eligibility for this exception does not
2435 extend to a property where plantings are required or existing plant communities are
2436 protected under local zoning codes, development mitigation requirements or other local
2437 regulations;

2438 4. Equestrian-pedestrian trail linkage - thirty-five points. For the purposes of this
2439 subsection A.4, "equestrian-pedestrian trail linkage" means land in private ownership that
2440 the property owner allows the public to use as an off-road trail linkage for equestrian,
2441 pedestrian or other nonmotorized uses or that provides a trail link from a public right of
2442 way to a trail system. Use of motorized vehicles is prohibited on trails receiving tax
2443 reductions in this category, except for maintenance or for medical, public safety or police
2444 emergencies. Public access is required only on that portion of the property containing the
2445 trail. The landowner may impose reasonable restrictions on access that are mutually agreed
2446 to by the landowner and the department, such as limiting use to daylight hours. To be
2447 eligible as an equestrian-pedestrian trail linkage, the owner shall provide a trail easement to
2448 an appropriate public or private entity, acceptable to the department. The easement shall be
2449 recorded with the records(~~(elections)~~) and licensing services division. In addition to the
2450 area covered by the trail easement, adjacent land used as pasture, barn or stable area and
2451 any corral or paddock may be included, if an approved and implemented farm management
2452 plan is provided. Land necessary to provide a buffer from the trail to other nonequestrian
2453 uses, land that contributes to the aesthetics of the trail, such as a forest, and land set aside
2454 and marked for off road parking for trail users may also be included as lands eligible for
2455 current use taxation. Private roads or driveways open to the public for this purpose may

2456 also qualify. Driveways and sidewalks, used primarily by the landowner, do not qualify
2457 under this category. Fencing and gates are not allowed in the trail easement area, except
2458 those that are parallel to the trail or linkage;

2459 5. Farm and agricultural conservation land - five points. For the purposes of this
2460 subsection A.5, "farm and agricultural conservation land" means land previously classified
2461 as farm and agricultural land under RCW 84.34.020 that no longer meets the criteria of
2462 farm and agricultural land, or traditional farmland not classified under chapter 84.34 RCW
2463 that has not been irrevocably devoted to a use inconsistent with agricultural uses and has a
2464 high potential for returning to commercial agriculture. To be eligible as farm and
2465 agricultural conservation land, the property must be used for farm and agricultural activities
2466 or have a high probability of returning to agriculture and the property owner must commit
2467 to return the property to farm or agricultural activities. An applicant must have a
2468 department-approved farm management plan in accordance with K.C.C. 21A.24.051 that is
2469 being implemented according to its proposed schedule of activities prior to receiving credit
2470 for this category. The property must be at least five acres in size; or greater than two acres
2471 and be actively farmed on more than seventy-five percent of the property. Eligible land
2472 must be zoned to allow agricultural uses. Combining separate parcels under different
2473 owners is not allowed under this category;

2474 6. Forest stewardship land - five points. For the purposes of this subsection A.6,
2475 "forest stewardship land" means property that is managed according to an approved forest
2476 stewardship plan and that is not enrolled in the timberland program under chapter 84.34
2477 RCW or the forestland program under chapter 84.33 RCW. To be eligible as forest
2478 stewardship land, the property must contain at least four acres of contiguous forestland,

2479 which may include land undergoing reforestation, according to the approved plan. An
2480 applicant shall have and implement a forest stewardship plan approved by the department.
2481 The forest stewardship plan may emphasize forest retention, harvesting or a combination of
2482 both;

2483 7. Historic landmark or archeological site: buffer to a designated site - three
2484 points. For the purposes of this subsection A.7, "historic landmark or archaeological site:
2485 buffer to a designated site" means property adjacent to land constituting or containing a
2486 designated county or local historic landmark or archeological site, as determined by the
2487 historic preservation officer of King County or other jurisdiction in which the property is
2488 located that manages a certified local government program. To be eligible as a historic
2489 landmark or archeological site: buffer to a designated site, a property must have a plant
2490 community in which native plants are dominant and be adjacent to or in the immediate
2491 vicinity of and provide a significant buffer for a designated landmark or archaeological site
2492 listed on the county or other certified local government list or register of historic places or
2493 landmarks. For the purposes of this subsection A.7, "significant buffer" means land and
2494 plant communities that provide physical, visual, noise or other barriers and separation from
2495 adverse effects to the historic resources due to adjacent land use;

2496 8. Historic landmark or archeological site: designated site - five points. For the
2497 purposes of this subsection A.8, "historic landmark or archaeological site: designated site"
2498 means land that constitutes or upon which is situated a historic landmark formally
2499 designated by King County or other certified local government program. Historic
2500 landmarks include buildings, structures, districts or sites of significance in the county's
2501 historic or prehistoric heritage, such as Native American settlements, trails, pioneer

2502 settlements, farmsteads, roads, industrial works, bridges, burial sites, prehistoric and
2503 historic archaeological sites or traditional cultural properties. To be eligible as a historic
2504 landmark or archeological site: designated site, a property must be listed on a county or
2505 other certified local government list or register of historic places or landmarks for which
2506 there is local regulatory protection. Eligible property may include property that contributes
2507 to the historic character within designated historic districts, as defined by the historic
2508 preservation officer of King County or other certified local government jurisdiction. The
2509 King County historic preservation officer shall make the determination on eligibility;

2510 9. Historic landmark or archeological site: eligible site - three points. For the
2511 purposes of this subsection A.9, "historic landmark or archaeological site: eligible site"
2512 means land that constitutes or upon which is situated a historic property that has the
2513 potential of being formally designated by a certified local government jurisdiction,
2514 including buildings, structures, districts or sites of significance in the county's historic or
2515 prehistoric heritage, such as Native American settlements, pioneer settlements, farmsteads,
2516 roads, industrial works, bridges, burial sites, prehistoric and historic archaeological sites or
2517 traditional cultural properties. An eligible property must be determined by the historic
2518 preservation officer of King County or other certified local government program in the
2519 jurisdiction in which the property is located to be eligible for designation and listing on the
2520 county or other local register of historic places or landmarks for which there is local
2521 regulatory protection. Eligible property may include contributing property within
2522 designated historic districts. Property listed on the state or national Registers of Historic
2523 Places may qualify under this category;

2524 10. Rural open space - five points. For the purposes of this subsection A.10,
2525 "rural open space" means an area of ten or more contiguous acres that has a plant
2526 community in which native plants are dominant and that is located outside of the urban
2527 growth area as identified in the King County Comprehensive Plan, except that an eligible
2528 site may include former open farmland, woodlots, scrublands or other lands that are in the
2529 process of being replanted with native vegetation;

2530 11. Rural stewardship land-five points. For the purposes of this subsection A.11,
2531 "rural stewardship land" means lands zoned RA (rural area), A (agriculture) or F (forest),
2532 that has a department-approved and implemented rural stewardship plan as provided in
2533 K.C.C. chapter 21A.24. On RA-zoned property, the approved rural stewardship plan shall
2534 meet the goals and standards of K.C.C. 21A.24.055. For A- and F-zoned properties, credit
2535 for this category is allowed if the plan meets the goals of K.C.C. 21A.24.055 D. through G.
2536 A rural stewardship plan includes, but is not limited to, identification of critical areas,
2537 location of structures and significant features, site-specific best management practices, a
2538 schedule for implementation and a plan for monitoring as provided in K.C.C. 21A.24.055.
2539 To be eligible as rural stewardship land, the open space must be at least one acre and
2540 feature a plant community in which native plants are dominant or be in the process of
2541 restoration, reforestation or enhancement of native vegetation. Lands receiving credit for
2542 this category shall not receive credit for the resource restoration or the forest stewardship
2543 land public benefit rating system categories;

2544 12. Scenic resource, viewpoint or view corridor - five points. For the purposes of
2545 this subsection A.12, "scenic resource" means an area of ten or more enrolling acres of
2546 natural or recognized cultural features visually significant to the aesthetic character of the

2547 county. A site eligible as a scenic resource must be significant to the identity of the local
2548 area and must be visible to a significant number of the general public from public rights-of-
2549 way, must be of sufficient size to substantially preserve the scenic resource value and must
2550 enroll at least ten acres of open space. For the purposes of this subsection A.12, a
2551 "viewpoint" means a property that provides a view of an area visually significant to the
2552 aesthetic character of the county. To be eligible as a viewpoint, a site must provide a view
2553 of a scenic natural or recognized cultural resource in King County or other visually
2554 significant area and must allow unlimited public access, and be identified by a permanent
2555 sign readily visible from a road or other public right-of-way. For the purposes of this
2556 subsection A.12, a "view corridor" means a property that contributes to the aesthetics of a
2557 recognized view corridor critical to maintaining a public view of a visually significant
2558 scenic natural or recognized cultural resource. A site eligible as a view corridor must
2559 contain at least one acre of open space that contributes to a view corridor visible to the
2560 public that provides views of a scenic natural resource area significant to the local area.
2561 Recognized cultural areas must be found significant by the King County historic
2562 preservation officer or equivalent officer of another certified local government program and
2563 must contain significant inventoried or designated historic properties. Eligibility is subject
2564 to determination by the department or applicable jurisdiction;

2565 13. Shoreline: conservancy environment - five points. For the purposes of this
2566 subsection A.13, "shoreline: conservancy environment" means marine, lake and river
2567 shoreline and associated wetlands designated as a conservancy environment in an adopted
2568 shoreline master plan under chapter 90.58 RCW, the Shoreline Management Act of 1971.
2569 To be eligible as shoreline: conservancy environment, the property enrolling must feature a

2570 plant community in which native plants are dominant, adjacent to the water for a length of
2571 more than twenty-five feet, and provide additional buffer width. The buffer width must be
2572 at least twenty-five percent greater than the buffer required by regulation. Credit for this
2573 category cannot overlap with credit for the shoreline natural environment category;

2574 14. Shoreline: natural environment - three points. For the purposes of this
2575 subsection A.14, "shoreline: natural environment" means marine, lake or river shoreline
2576 and its associated wetlands designated as a natural environment in an adopted shoreline
2577 master plan under chapter 90.58 RCW, the Shoreline Management Act of 1971. To be
2578 eligible as shoreline: natural environment, the property enrolling must feature a plant
2579 community in which native plants are dominant, adjacent to the water and be greater than
2580 twenty-five feet in length, and provide additional buffer width. The buffer width must be at
2581 least twenty-five percent greater than the buffer required by regulation. Credit for this
2582 resource cannot overlap with credit for the shoreline conservancy environment category;

2583 15. Significant plant site - five points. For the purposes of this subsection A.15,
2584 "significant plant site" means: an area with naturally occurring concentrations of those
2585 plants defined as being monitor species and meeting the criteria for native plant
2586 communities by the Washington state Department of Natural Resources as of the effective
2587 date of this ordinance; or an old growth forest stand at least ten acres in size. An eligible
2588 site must be listed in the Natural Heritage Data Base as of the effective date of this
2589 ordinance, or be identified by an expert acceptable to the department confirming that
2590 qualified species are present on the property. Commercial nurseries, arboretums or other
2591 maintained garden sites with native or nonnative plantings are ineligible for this category;

2592 16. Significant wildlife or salmonid habitat - five points.

2593 a. For the purposes of this subsection A.16, "significant wildlife or salmonid
2594 habitat" means:

2595 (1) an area used by animal species listed as endangered, threatened, sensitive or
2596 candidate by the Washington state Department of Fish and Wildlife or Department of
2597 Natural Resources as of the effective date of this ordinance, or used by species of local
2598 significance that are so listed by the King County Comprehensive Plan or a local
2599 jurisdiction;

2600 (2) an area where the species listed in subsection A.16.a.(1). of this section are
2601 potentially found with sufficient frequency for critical ecological processes to occur such as
2602 reproduction, nesting, rearing, wintering, feeding or resting;

2603 (3) a site that meets the criteria for priority habitats as defined by the
2604 Washington state Department of Fish and Wildlife that is so listed by the King County
2605 Comprehensive Plan or the local jurisdiction in which the property is located; or

2606 (4) a site that meets criteria for a wildlife habitat conservation area as defined
2607 by the department or a local jurisdiction.

2608 b. To be eligible as significant wildlife or salmonid habitat, the property must be
2609 verified by the department, or by expert determination acceptable to the department that
2610 qualified species are present or that the land fulfills the functions described in subsection
2611 A.16.a. of this section. To receive credit for salmonid habitat, the owner must provide a
2612 buffer at least fifteen percent greater in width than required by any applicable regulation.
2613 Property consisting mainly of disturbed or fragmented open space determined by the
2614 department as having minimal wildlife habitat significance is ineligible for this category;

2615 17. Special animal site - three points. For the purposes of this subsection A.17,
2616 "special animal site" means a site that includes a wildlife habitat network identified by the
2617 King County Comprehensive Plan or individual jurisdictions through the Growth
2618 Management Act, chapter 36.70A RCW, or urban natural area as identified by the
2619 Washington state Department of Fish and Wildlife's priority habitats and species project as
2620 of the effective date of this ordinance. To be eligible as a special animal site, the property
2621 must be identified by King County or local or state jurisdiction or where expert verification
2622 acceptable to the department or local jurisdiction is provided. Property consisting mainly
2623 of disturbed or fragmented open space determined by the department to have minimal
2624 wildlife habitat significance is ineligible for this category;

2625 18. Surface water quality buffer - five points. For the purposes of this subsection
2626 A.18, "surface water quality buffer" means an undisturbed area that has a plant community
2627 in which native plants are dominant adjacent to a lake, pond, stream, wetland or marine
2628 waters, that provides buffers beyond that required by any applicable regulation. To be
2629 eligible as surface water quality buffer, the buffer must be at least fifty percent wider than
2630 the buffer required by any applicable regulation and longer than twenty-five feet. The
2631 qualifying buffer area must be preserved from clearing and intrusion by domestic animals
2632 and protected from grazing or use by livestock;

2633 19. Urban open space - five points.

2634 a. For the purposes of this subsection A.19, "urban open space" means land
2635 located within the boundaries of a city or within the urban growth area that has a plant
2636 community in which native plants are dominant and that under the applicable zoning is
2637 eligible for more intensive development or use. To be eligible as urban open space, the

2638 enrolling area must be at least one acre, or be at least one-half acre if the land meets one of
2639 the following criteria:

- 2640 (1) the land conserves and enhances natural or scenic resources;
- 2641 (2) the land protects streams or water supply;
- 2642 (3) the land promotes conservation of soils, wetlands, beaches or tidal
2643 marshes;
- 2644 (4) the land enhances the value to the public of abutting or neighboring parks,
2645 forests, wildlife preserves, nature reservations or sanctuaries or other open space;
- 2646 (5) the land enhances recreation opportunities to the general public; or
- 2647 (6) the land preserves visual quality along highways, roads, and streets or
2648 scenic vistas.

2649 b. Owners of noncontiguous properties that together meet the minimum
2650 acreage requirement of subsection A. 19. a. of this section may jointly apply under this
2651 category if each property is closer than seventy-five feet to one other property in the
2652 application and if each property contains an enrolling open space area at least as large as
2653 the minimum zoned lot size; and

2654 20. Watershed protection area - five points. For the purposes of this subsection
2655 A.20, "watershed protection area" means property in a watershed contributing to the forest
2656 cover that provides run-off reduction and groundwater protection. To be eligible as
2657 watershed protection area, the property must consist of contiguous native forest or be in the
2658 process of reforestation. The enrolling forested area must consist of an additional fifteen
2659 percent of forest cover beyond that required by county or applicable local government
2660 regulation and must be at least one acre or twenty-five percent of the property acreage,

2661 whichever is greater. If reforestation or improvements to the forest health are necessary,
2662 the property owner shall provide and implement a department-approved forest stewardship
2663 or rural stewardship plan.

2664 B. Property qualifying for an open space category in subsection A. of this section
2665 may receive credit for additional points as follows:

2666 1. Resource restoration - five points. For the purposes of this subsection B.1,
2667 "resource restoration" means restoration of an enrolling area benefiting an area in an open
2668 space resource category. Emphasis shall be placed on restoration of anadromous fish
2669 rearing habitat, riparian zones, migration corridors and wildlife, upland, stream and wetland
2670 habitats. To be eligible as resource restoration, the owner must provide and implement a
2671 department-approved restoration plan developed in cooperation with the Soil Conservation
2672 Service, the state Department of Fisheries and Wildlife, King County or other appropriate
2673 local or county agency. Historic resource restoration must be approved by the King County
2674 historic preservation officer or officer of another certified local government and must be
2675 accompanied by a long-term maintenance plan. For resource restoration credit, the owner
2676 shall provide to the department a yearly monitoring report for at least five years following
2677 enrollment in the public benefit rating system program. The report shall describe the
2678 progress and success of the restoration project and shall include photographs to document
2679 the success. Credit for this category cannot overlap with credit for the forest stewardship
2680 land category or the rural stewardship land category. If a property owner implements an
2681 approved restoration plan after enrolling in the public benefit rating system program and
2682 did not receive credit for the restoration in the initial evaluation of the property, the owner

2683 may reapply to amend the application and receive the bonus points credit without paying an
2684 additional application fee;

2685 2. Additional surface water quality buffer - three or five points. For the purposes
2686 of this subsection B.2, "additional surface water quality buffer" means an undisturbed area
2687 of native vegetation adjacent to a lake, pond, stream, wetland or marine water providing a
2688 buffer width of at least twice that required by regulation. To be eligible as additional
2689 surface water quality buffer, the property must qualify for the surface water quality buffer
2690 or a shoreline category in subsection A. of this section. Three points are awarded for
2691 additional buffers no less than two times the buffer width required by any applicable
2692 regulation. Five points are awarded for additional buffers no less than three times the
2693 buffer width required by any applicable regulation;

2694 3. Contiguous parcels under separate ownership - two points per participating
2695 owner above one owner. The points under this subsection B.3. accrue to all of the owners.
2696 However withdrawal of participating owner means the loss to each of the remaining
2697 owners of the two points for the withdrawing owner's participation under this subsection
2698 B.3. For the purposes of this subsection B.3, "contiguous parcels" means enrolling parcels
2699 abutting each other without any significant natural or manmade barrier separating them or
2700 enrolling parcels abutting a publicly owned open space but not necessarily abutting each
2701 other without any significant natural or manmade barriers separating the publicly owned
2702 open space and the parcels seeking open space classification. Contiguous parcels of land
2703 with the same qualifying public benefit rating system resources are eligible for treatment as
2704 a single parcel if open space classification is sought under the same application except as
2705 otherwise prohibited. Award of this category requires a single application by multiple

2706 owners and parcels with identical qualifying public benefit rating system resources.
2707 Treatment as contiguous parcels shall include: the requirement to pay only a single
2708 application fee; and the requirement that the total area of all parcels combined must equal
2709 or exceed any required minimum area, rather than each parcel being required to meet the
2710 minimum area. Individual parcels may be withdrawn from open space classification
2711 consistent with all applicable rules and regulations without affecting the continued
2712 eligibility of all other parcels accepted under the same application, but the combined area
2713 of the parcels remaining in open space classification must still qualify for their original
2714 enrolling public benefit rating system category or categories. To be eligible as contiguous
2715 parcels under separate ownership, the property must include two or more parcels under
2716 different ownership. The owners of each parcel included in the application must agree to
2717 identical terms and conditions for enrollment in the program;

2718 4. Conservation easement or historic preservation easement - fifteen points. For
2719 the purposes of this subsection B.4, "conservation easement or historic preservation
2720 easement" means land on which an easement is voluntarily placed that restricts, in
2721 perpetuity, further potential development or other uses of the property. The granting of this
2722 conservation easement or historic preservation easement provides additional value through
2723 permanent protection of a resource. These easements are typically donated or sold to a
2724 government or nonprofit organization, such as a land trust or conservancy. To be eligible
2725 as conservation easement or historic preservation easement, the easement must be approved
2726 by the department and be recorded with the records(~~(,-elections))~~) and licensing services
2727 division. The easement shall be conveyed to the county or to an organization acceptable to
2728 the department. In addition, historic preservation easements shall also be approved by the

2729 historic preservation officer of King County or officer of another certified local government
2730 jurisdiction in which the property is located. An easement required by zoning, subdivision
2731 conditions or other land use regulation is not eligible unless an additional substantive
2732 easement area is provided beyond that otherwise required;

2733 5. Public access - points dependent on level of access. For the purposes of this
2734 subsection B.5, "public access " means the general public is allowed to access for uses such
2735 as, but not limited to, recreation, education or training. Access is required on only the
2736 enrolling portion of the property. The landowner may impose reasonable restrictions on
2737 access, such as limiting use to daylight hours, that are mutually agreed to by the landowner
2738 and the department. No physical barriers may limit reasonable public access or negatively
2739 affect an open space resource. To be eligible for public access at one of the levels
2740 described in a. through d. of this subsection B.5, a property owner shall demonstrate that
2741 the property is open to public access and is used by the public. Public access points for
2742 historic properties shall be approved by the historic preservation officer of King County or
2743 officer of another certified local government jurisdiction in which the property is located.
2744 The property owner may be required to furnish and maintain signage according to county
2745 specifications.

2746 a. Unlimited public access - five points. Year-round access by the general public
2747 is allowed without special arrangements with the property owner.

2748 b. Limited public access because of resource sensitivity - five points. Access
2749 may be reasonably limited due to the sensitive nature of the resource, with access provided
2750 only to appropriate user groups. The access allowed shall generally be for an educational,
2751 scientific or research purpose and may require special arrangements with the owner.

2752 c. Environmental education access - three points. The landowner enters into an
2753 agreement with a school, an organization with 501(c)(3) tax status, or with the agreement
2754 of the department, other community organization that allows membership by the general
2755 public, to provide environmental education on the enrolled parcel to its members or the
2756 public at large. The landowner and the department must mutually agree that the enrolled
2757 parcel has value for environmental education purposes.

2758 d. Seasonally limited public access - three points. Access by the public is
2759 allowed, with or without special arrangements with the property owner, during only part
2760 of the year based on seasonal conditions, as mutually agreed to by the landowner and the
2761 department.

2762 e. None or members-only - zero points. No public access is allowed or the
2763 access is allowed only by members of the organization using or owning the land; and

2764 6. Easement and access - thirty five points. For the purposes of this subsection
2765 B.6, "easement and access" means that the property has at least one qualifying open space
2766 resource, unlimited public access or limited public access due to resource sensitivity, and a
2767 conservation easement or historic preservation easement in perpetuity in a form and with
2768 conditions acceptable to the department. To be eligible a property must receive credit for
2769 an open space category and for the conservation easement or historic easement in
2770 perpetuity category. The owner must agree to allow public access to the portion of the
2771 property designated for public access in the easement. An easement required by zoning,
2772 subdivision conditions or other land use regulation is not eligible, unless there is additional
2773 easement area beyond that required. Credit for this category cannot overlap with the
2774 equestrian-pedestrian trail linkage category.

2775 SECTION 92. Ordinance 4828, Section 7, as amended, and K.C.C. 20.62.070 are
2776 each hereby amended to read as follows:

2777 A. The commission may approve, deny, amend or terminate the designation of a
2778 historic resource as a landmark or community landmark only after a public hearing. At the
2779 designation hearing the commission shall receive evidence and hear argument only on the
2780 issues of whether the historic resource meets the criteria for designation of landmarks or
2781 community landmarks as specified in K.C.C. 20.62.040 and merits designation as a
2782 landmark or community landmark; and the significant features of the landmark. The
2783 hearing may be continued from time to time at the discretion of the commission. If the
2784 hearing is continued, the commission may make a preliminary determination of
2785 significance if the commission determines, based on the record before it that the historic
2786 resource is of significant value and likely to satisfy the criteria for designation in K.C.C.
2787 20.62.040. The preliminary determination shall be effective as of the date of the public
2788 hearing at which it is made. Where the commission makes a preliminary determination it
2789 shall specify the boundaries of the nominated resource, the significant features thereof
2790 and such other description of the historic resource as it deems appropriate. Within five
2791 working days after the commission has made a preliminary determination, the historic
2792 preservation officer shall file a written notice of the action with the director and mail
2793 copies of the notice, certified mail, return receipt requested, to the owner, the person
2794 submitting the nomination and interested persons of record. The notice shall include:

- 2795 1. A copy of the commission's preliminary determination; and
2796 2. A statement that while proceedings pursuant to this chapter are pending, or
2797 six months from the date of the notice, whichever is shorter, and thereafter if the

2798 designation is approved by the commission, the certificate of appropriateness procedures
2799 in K.C.C. 20.62.080, a copy of which shall be enclosed, shall apply to the described
2800 historic resource whether or not a building or other permit is required. The decision of
2801 the commission shall be made after the close of the public hearing or at the next regularly
2802 scheduled public meeting of the commission thereafter.

2803 B. Whenever the commission approves the designation of a historic resource
2804 under consideration for designation as a landmark, it shall, within fourteen calendar days
2805 of the public meeting at which the decision is made, issue a written designation report,
2806 which shall include:

2807 1. The boundaries of the nominated resource and such other description of the
2808 resource sufficient to identify its ownership and location;

2809 2. The significant features and such other information concerning the historic
2810 resource as the commission deems appropriate;

2811 3. Findings of fact and reasons supporting the designation with specific
2812 reference to the criteria for designation in K.C.C. 20.62.040; and

2813 4. A statement that no significant feature may be changed, whether or not a
2814 building or other permit is required, without first obtaining a certificate of
2815 appropriateness from the commission in accordance with K.C.C. 20.62.080, a copy of
2816 which shall be included in the designation report. This subsection B.4. shall not apply to
2817 historic resources designated as community landmarks.

2818 C. Whenever the commission rejects the nomination of a historic resource under
2819 consideration for designation as a landmark, it shall, within fourteen calendar days of the
2820 public meeting at which the decision is made, issue a written decision including findings

2821 of fact and reasons supporting its determination that the criteria in K.C.C. 20.62.040 have
2822 not been met. If a historic resource has been nominated as a landmark and the
2823 commission designates the historic resource as a community landmark, the designation
2824 shall be treated as a rejection of the nomination for King County landmark status and the
2825 foregoing requirement for a written decision shall apply. Nothing contained herein shall
2826 prevent renominating any historic resource rejected under this subsection as a King
2827 County landmark at a future time.

2828 D. A copy of the commission's designation report or decision rejecting a
2829 nomination shall be delivered or mailed to the owner, to interested persons of record and
2830 the director within five working days after it is issued. If the commission rejects the
2831 nomination and it has made a preliminary determination of significance with respect to
2832 the nomination, it shall include in the notice to the director a statement that K.C.C.
2833 20.62.080 no longer applies to the subject historic resources.

2834 E. If the commission approves, or amends a landmark designation, K.C.C.
2835 20.62.080 shall apply as approved or amended. A copy of the commission's designation
2836 report or designation amendment shall be recorded with the records(~~(elections)~~) and
2837 licensing services division, or its successor agency, together with a legal description of
2838 the designated resource and notification that K.C.C. 20.62.080 and 20.62.130 apply. If
2839 the commission terminates the designation of a historic resource, K.C.C. 20.62.080 shall
2840 no longer apply to the historic resource.

2841 SECTION 93. Ordinance 10870, Section 330, as amended, and K.C.C. 21A.08.030

- 2844 B. Development conditions.
- 2845 1. Except bed and breakfast guesthouses.
- 2846 2. In the forest production district, the following conditions apply:
- 2847 a. Site disturbance associated with development of any new residence shall be
- 2848 limited to three acres. Site disturbance shall mean all land alterations including, but not
- 2849 limited to, grading, utility installation, landscaping, clearing for crops, on-site sewage
- 2850 disposal systems and driveways. Additional site disturbance for raising livestock, up to
- 2851 the smaller of thirty-five percent of the lot or seven aces, may be approved only if a farm
- 2852 management (conservation) plan is prepared in accordance with K.C.C. chapter 21A.30.

2853 Animal densities shall be based on the area devoted to animal care and not the total area
2854 of the lot;

2855 b. A forest management plan shall be required for any new residence in the
2856 forest production district, that shall be reviewed and approved by the King County
2857 department of natural resources and parks prior to building permit issuance; and

2858 c. A fire protection plan for the subject property is required and shall be
2859 reviewed and approved by the Washington state department of natural resources with the
2860 concurrence of the fire marshal for each residential use. This plan shall be developed in
2861 such a manner as to protect the adjoining forestry uses from a fire that might originate

3033 21A.14.040 are each hereby amended to read as follows:

3034 Residential lot clustering is allowed in the R, UR and RA zones. If residential lot
3035 clustering is proposed, the following requirements shall be met:

3036 A. In the R zones, any designated open space tract resulting from lot clustering
3037 shall not be altered or disturbed except as specified on recorded documents creating the
3038 open space. Open spaces may be retained under ownership by the subdivider, conveyed
3039 to residents of the development or conveyed to a third party. If access to the open space
3040 is provided, the access shall be located in a separate tract;

3047 whether in the same or adjacent developments, shall be separated from similar clusters by
3048 at least one hundred twenty feet;

3049 4. The overall amount, and the individual degree of clustering shall be limited to
3050 a level that can be adequately served by rural facilities and services, including, but not
3051 limited to, on-site sewage disposal systems and rural roadways;

3052 5. A fifty-foot Type II landscaping screen, as defined in K.C.C. 21A.16.040,
3053 shall be provided along the frontage of all public roads. The planting materials shall
3054 consist of species that are native to the Puget Sound region. Preservation of existing
3055 healthy vegetation is encouraged and may be used to augment new plantings to meet the
3056 requirements of this section;

3057 6. Except as provided in subsection B.7. of this section, open space tracts
3058 created by clustering in the RA zone shall be designated as permanent open space.
3059 Acceptable uses within open space tracts are passive recreation, with no development of
3060 active recreational facilities, natural-surface pedestrian and equestrian foot trails and

3062 considered an open space tract for purposes of this subsection B.6;

3063 7. In the RA zone a resource land tract may be created through a cluster
3064 development in lieu of an open space tract. A resource tract created under K.C.C.
3065 16.82.152.E. may be considered a resource tract for purposes of this subsection B.7. The
3066 resource land tract may be used as a working forest or farm if the following provisions
3067 are met:

3068 a. Appropriateness of the resource land tract for forestry or agriculture has
3069 been determined by the county;

3070 b. The subdivider shall prepare a forest management plan, that must be
3071 reviewed and approved by the King County department of natural resources and parks, or
3072 a farm management plan, if a plan is required under K.C.C. chapter 21A.30, that must be
3073 developed by the King Conservation District. The criteria for management of a resource
3074 land tract established through a cluster development in the RA zone shall be set forth in a
3075 public rule. The criteria must assure that forestry or farming will remain as a sustainable
3076 use of the resource land tract and, except as otherwise provided for resource tracts created
3077 pursuant to K.C.C. 16.82.152.E, that structures supportive of forestry and agriculture may
3078 be allowed in the resource land tract. The criteria must also set impervious surface
3079 limitations and identify the type of buildings or structures that will be allowed within the
3080 resource land tract;

3081 c. The recorded plat or short plat shall designate the resource land tract as a
3082 working forest or farm;

3083 d. Resource land tracts that are conveyed to residents of the development shall
3084 be retained in undivided interest by the residents of the subdivision or short subdivision;

3085 e. A homeowners association shall be established to assure implementation of
3086 the forest management plan or farm management plan if the resource land tract is retained
3087 in undivided interest by the residents of the subdivision or short subdivision;

3088 f. The subdivider shall file a notice with the King County department of
3089 executive services, records(~~(, elections)~~) and licensing services division. The required
3090 contents and form of the notice shall be set forth in a public rule. The notice shall inform

3091 the property owner or owners that the resource land tract is designated as a working
3092 forest or farm, that must be managed in accordance with the provisions established in the
3093 approved forest management plan or farm management plan;

3094 g. The subdivider shall provide to the department proof of the approval of the
3095 forest management plan or farm management plan and the filing of the notice required in
3096 subsection B.7.f. of this section before recording of the final plat or short plat;

3097 h. The notice shall run with the land; and

3098 i. Natural-surface pedestrian and equestrian foot trails, passive recreation, and
3099 passive recreational facilities, with no development of active recreational facilities, are
3100 allowed uses in resource land tracts; and

3101 8. The requirements of subsection B.1., 2., or 3. of this subsection may be
3102 modified or waived by the director if the property is encumbered by critical areas
3103 containing habitat for, or there is the presence of, species listed as threatened or
3104 endangered under the Endangered Species Act when it is necessary to protect the habitat;
3105 and

3106 C. In the R-1 zone, open space tracts created by clustering required by K.C.C.
3107 21A.12.030 shall be located and configured to create urban separators and greenbelts as
3108 required by the comprehensive plan, or subarea plans or open space functional plans, to
3109 connect and increase protective buffers for critical areas, to connect and protect wildlife
3110 habitat corridors designated by the comprehensive plan and to connect existing or planned
3111 public parks or trails. The department may require open space tracts created under this
3112 subsection to be dedicated to an appropriate managing public agency or qualifying private
3113 entity such as a nature conservancy. In the absence of such a requirement, open space

3114 tracts shall be retained in undivided interest by the residents of the subdivision or short
3115 subdivision. A homeowners association shall be established for maintenance of the open
3116 space tract.

3117 SECTION 96. Ordinance 10870, Section 406, as amended, and K.C.C. 21A.18.020
3118 are each hereby amended to read as follows:

3119 A. Before an occupancy permit may be granted for any new or enlarged building
3120 or for a change of use in any existing building, the use shall be required to meet the
3121 requirements of this chapter. In addition, K.C.C. 21A.18.110 I. and J. establish
3122 residential parking limitations applicable to existing, as well as new, residential uses.

3123 B. If this chapter does not specify a parking requirement for a land use, the
3124 director shall establish the minimum requirement based on a study of anticipated parking
3125 demand. Transportation demand management actions taken at the site shall be considered
3126 in determining anticipated demand. If the site is located in an activity center or
3127 community business center, the minimum requirement shall be set at a level less than the
3128 anticipated demand, but at no less than seventy-five percent of the anticipated demand.
3129 In the study, the applicant shall provide sufficient information to demonstrate that the
3130 parking demand for a specific land use will be satisfied. Parking studies shall be
3131 prepared by a professional engineer with expertise in traffic and parking analyses, or an
3132 equally qualified individual as authorized by the director.

3133 C. If the required amount of off-street parking has been proposed to be provided
3134 off-site, the applicant shall provide written contracts with affected landowners showing
3135 that required off-street parking shall be provided in a manner consistent with this chapter.
3136 The contracts shall be reviewed by the director for compliance with this chapter, and if

3137 approved, the contracts shall be recorded with the ((county)) records((,-elections)) and
3138 licensing services division as a deed restriction on the title to all applicable properties.
3139 These deed restrictions may not be revoked or modified without authorization by the
3140 director.

3141 D. Upon request from the proponent of any use subject to the this chapter located
3142 in a rural town, rural neighborhood center, any commercial zone located in a rural area or
3143 natural resource production district designated by the Comprehensive Plan, or any
3144 agricultural product production, processing or sales use allowed in the A or F zones the
3145 director may waive or modify this chapter in order to protect or enhance the historic
3146 character of the area, to reduce the need for pavement or other impervious surfaces, to
3147 recognize the seasonal nature of any such activity or to minimize the conversion of
3148 agriculturally productive soils. Where a neighborhood or subarea plan with design
3149 guidelines that includes the subject property has been adopted, the director shall base
3150 allowable waivers or modifications on the policies and guidelines in such a plan.

3151 SECTION 97. Ordinance 10870, Section 408, as amended, and K.C.C. 21A.18.040
3152 are each hereby amended to read as follows:

3153 The amount of off-street parking required by K.C.C. 21A.18.030 may be reduced
3154 by an amount determined by the director when shared parking facilities for two or more
3155 uses are proposed, provided:

3156 A. The total parking area exceeds 5,000 square feet;

3157 B. The parking facilities are designed and developed as a single on-site common
3158 parking facility, or as a system of on-site and off-site facilities, if all facilities are

3159 connected with improved pedestrian facilities and no building or use involved is more
3160 than eight hundred feet from the most remote shared facility;

3161 C. The amount of the reduction shall not exceed ten percent for each use, unless:

3162 1. The normal hours of operation for each use are separated by at least one hour;

3163 or

3164 2. A parking demand study is prepared by a professional traffic engineer and
3165 submitted by the applicant documenting that the hours of actual parking demand for the
3166 proposed uses will not conflict and those uses will be served by adequate parking if
3167 shared parking reductions are authorized;

3168 3. The director will determine the amount of reduction subject to paragraph D of
3169 this section.

3170 D. The total number of parking spaces in the common parking facility is not less
3171 than the minimum required spaces for any single use;

3172 E. A covenant or other contract for shared parking between the cooperating
3173 property owners is approved by the director. This covenant or contract must be recorded
3174 with ((King County)) the records and ((elections)) licensing services division as a deed
3175 restriction on both properties and cannot be modified or revoked without the consent of
3176 the director; and

3177 F. If any requirements for shared parking are violated, the affected property
3178 owners must provide a remedy satisfactory to the director or provide the full amount of
3179 required off-street parking for each use, in accordance with the requirements of this
3180 chapter, unless a satisfactory alternative remedy is approved by the director.

3181 SECTION 98. Ordinance 10870, Section 464, as amended, and K.C.C. 21A.24.170

3182 are each hereby amended to read as follows:

3184 any property containing critical areas or buffers on which a development proposal is
3185 submitted or any property on which mitigation is established as a result of development
3186 shall file a notice approved by King County with the records(~~(, elections))~~) and licensing
3187 services division. The notice shall inform the public of:

- 3188 1. The presence of critical areas or buffers or mitigation sites on the property;
3189 2. The application of this chapter to the property; and
3190 3. The possible existence of limitations on actions in or affecting the critical areas
3191 or buffers or the fact that mitigation sites may exist.

3192 B. The applicant for a development proposal shall submit proof that the notice
3193 required by this section has been filed for public record before King County approves any
3194 development proposal for the property or, in the case of subdivisions, short subdivisions
3195 and binding site plans, at or before recording of the subdivision, short subdivision or
3196 binding site plan.

3197 C. The notice required under subsection A. of this section is not required if:

- 3198 1. The property is a public right-of-way or the site of a permanent public facility;

3203 are each hereby amended to read as follows:

3204 A. The purpose of the heron habitat protection area special district overlay is to
3205 provide a means to designate areas that provide essential feeding, nesting and roosting
3206 habitat for identified great blue heron rookeries. A district overlay will usually contain
3207 several isolated areas of known heron habitat in the general region surrounding the heron
3208 rookery.

3209 B. The following development standards shall be applied in addition to all
3210 applicable requirements of K.C.C. chapter 21A.24 and Title 25 to development proposals
3211 located within a heron habitat protection area district overlay:

3213 of the stream riparian zone containing the heron rookery (tributary streams are excluded):

3214 a. The one-hundred-year floodplain shall be left undisturbed. Development
3215 proposals on individual lots shall require the one-hundred-year floodplain to retain the
3216 native vegetation and be placed in a county-approved conservation easement or notice shall
3217 be placed on the title of the lot. The notice shall be approved by King County and filed
3218 with the records(~~(-elections)~~) and licensing services division. The notice shall inform the

3221 and binding site plans shall require the one-hundred-year floodplain to retain the native
3222 vegetation and be placed in a critical areas tract, to be dedicated to the homeowner's
3223 association or other legal entity that assumes maintenance and protection of the tract.
3224 Determination of the floodplain shall be done for each permit application based on actual
3225 field survey using county-approved floodplain elevations;

3226 b. There shall be a six-hundred-sixty-foot radius buffer maintained around the
3227 periphery of the great blue heron rookery. If the critical areas and buffers are not adequate
3228 to provide the radius, then the buffer shall be expanded to meet the requirement. A rookery
3229 and its buffer shall be designated as critical area tract, easement or noticed on title as
3230 required in this subsection; and

3231 c. All access shall be restricted under nest trees from February 15 to July 31 and
3232 noted on signage at the floodplain or buffer edge, whichever is further from the rookery.
3233 Access may be further restricted with fencing or dense plantings with native plant material
3234 approved by the county. All developments in R-12 or higher density zones shall restrict
3235 access and provide an interpretive sign that provides information about the stream or
3236 wetland and its wildlife, biological, and hydrological functions. All signs shall be
3237 consistent with critical area signage requirements and subject to review and approval of the
3238 county;

3239 2. Subdivisions, short subdivisions, binding site plans, site development permits
3240 or other commercial or multifamily permits adjacent to stream reaches and wetlands
3241 designated on the heron habitat protection area district overlay map, shall provide buffers
3242 that are fifty feet greater than required pursuant to K.C.C. chapter 21A.24 along those
3243 streams and wetlands to provide habitat for herons. This additional fifty-foot buffer shall
3244 be planted with dense native plant material to discourage human intrusion into feeding or
3245 nesting and roosting areas. Plantings shall be reviewed and approved by the department. If
3246 conformance with the additional buffer requirement results in an unbuildable lot, then the
3247 minimum variation necessary to accommodate the proposed development shall be

3248 determined in consultation with county biologists and be reviewed and approved by the
3249 department;

3250 3. Along the shoreline of lakes and river corridors included in the heron habitat
3251 protection area, all subdivisions, short subdivisions, binding site plans, site development
3252 permits or other commercial or multifamily permits shall provide a fifty-foot buffer in
3253 addition to required shoreline setbacks of K.C.C. Title 25 and chapter 21A.24. Along the
3254 shoreline of the major rivers (Sammamish, Green, Cedar, Snoqualmie, Snohomish,
3255 Skykomish and White rivers), the setback requirement may be waived if a special wildlife
3256 study shows no great blue heron nesting, roosting and feeding areas on the site. These
3257 studies shall be done by a wildlife biologist and approved by county biologists. This
3258 additional fifty-foot buffer shall be planted with dense native plant material to discourage
3259 human intrusion into feeding or nesting and roosting areas. Plantings shall be reviewed and
3260 approved by the department; and

3261 4. New docks, piers, bulkheads and boat ramps constructed within the heron
3262 habitat protection area shall mitigate for loss of heron feeding habitat by providing
3263 enhanced native vegetation approved by the county adjacent to the development or between
3264 the development and the shoreline. Bulkheads shall be buffered from the water's edge by
3265 enhanced plantings of native vegetation approved by the county.

3266 SECTION 100. Ordinance 13263, Section 10, as amended, and K.C.C. 23.02.090
3267 are each hereby amended to read as follows:

3268 A. Whenever the applicable department determines that a code violation has
3269 occurred or is occurring, the department shall make reasonable efforts to secure voluntary
3270 compliance from the person responsible for code compliance. Upon contacting the

3271 person responsible for code compliance, the department may enter into a voluntary
3272 compliance agreement as provided for in this section.

3273 B. A voluntary compliance agreement may be entered into at any time after
3274 issuance of a verbal or written warning, a citation, a notice and order or a stop work order
3275 and before an appeal is decided pursuant to K.C.C. chapter 20.24.

3276 C. The voluntary compliance agreement is a commitment by the person
3277 responsible for code compliance under which the person agrees to do any combination of
3278 abating the violation, remediating the site or mitigating the impacts of the violation. The
3279 voluntary compliance agreement shall include the following:

- 3280 1. The name and address of the person responsible for code compliance;
- 3281 2. The address or other identification of the location of the violation;
- 3282 3. A description of the violation and a reference to the provision or provisions of
3283 the ordinance, resolution or regulation that has been violated;
- 3284 4. A description of the necessary corrective action to be taken and identification
3285 of the date or time by which compliance must be completed. For the purpose of this
3286 subsection C.4, the department may either require that compliance be achieved by a
3287 specific date or that compliance be achieved by a date to be determined based on the
3288 occurrence of some future event;
- 3289 5. The amount of the civil penalty that will be imposed pursuant to K.C.C.
3290 chapter 23.32 if the voluntary compliance agreement is not satisfied;
- 3291 6. An acknowledgment that the voluntary compliance agreement will be
3292 recorded against the property in the ~~((office of))~~ records and ~~((elections))~~ licensing

3293 services division, the recording to be accomplished as provided for in notice and order
3294 cases;

3295 7. An acknowledgment that if the department determines that the terms of the
3296 voluntary compliance agreement are not met, the county may, without issuing a citation,
3297 notice and order or stop work order, impose any remedy authorized by this title, which
3298 includes the assessment of the civil penalties identified in the voluntary compliance
3299 agreement, abatement of the violation, assessment of the costs incurred by the county to
3300 pursue code compliance and to abate the violation, including legal and incidental
3301 expenses, and the suspension, revocation or limitation of a development permit;

3302 8. An acknowledgment that if any assessed penalty, fee or cost is not paid, a
3303 director may charge the unpaid amount as a lien against the property where the civil code
3304 violation occurred if owned by the person responsible for code compliance, and that the
3305 unpaid amount may be a joint and several personal obligation of all persons responsible
3306 for code compliance;

3307 9. An acknowledgment that by entering into the voluntary compliance
3308 agreement the person responsible for code compliance waives the right to
3309 administratively appeal, and thereby admits, that the conditions described in the
3310 voluntary compliance agreement existed and constituted a civil code violation; and that if
3311 the department determines the terms of the voluntary compliance agreement are not met,
3312 the person is subject to and liable for any remedy authorized by this title, which includes
3313 the assessment of the civil penalties identified in the voluntary compliance agreement,
3314 abatement of the violation, assessment of the costs incurred by the county to pursue code

3315 compliance and to abate the violation, including legal and incidental expenses, and the
3316 suspension, revocation or limitation of a development permit; and

3317 10. An acknowledgment that the person responsible for code compliance
3318 understands that he or she has the right to be served with a citation, notice and order or
3319 stop work order for any violation identified in the voluntary compliance agreement, has
3320 the right to administratively appeal any such a citation, notice and order or stop work
3321 order, and that he or she is knowingly, voluntarily and intelligently waiving those rights.

3322 D. Upon entering into a voluntary compliance agreement, a person responsible
3323 for code compliance waives the right to administratively appeal, and thereby admits, that
3324 the conditions described in the voluntary compliance agreement existed and constituted a
3325 civil code violation; and agrees that if the department determines the terms of the
3326 voluntary compliance agreement are not met, he or she is liable for the civil penalty
3327 available under K.C.C. chapter 23.32 and identified in the voluntary compliance
3328 agreement, is liable for the costs incurred by the county to pursue code compliance and to
3329 abate the violation, including legal and incidental expenses as provided for in K.C.C.
3330 chapter 23.24 and is subject to all other remedies provided for in this title.

3331 E. An extension of the time limit for compliance or a modification of the required
3332 corrective action may be granted by the department if the person responsible for code
3333 compliance has shown due diligence or substantial progress in correcting the violation,
3334 but circumstances render full and timely compliance under the original conditions
3335 unattainable.

3336 F. The voluntary compliance agreement is not a settlement agreement.

3337 SECTION 101. Ordinance 13263, Section 22, as amended, and K.C.C. 23.24.030

3338 are each hereby amended to read as follows:

3339 A. The address, when available, or location of the civil code violation;

3341 where the violation occurred or is located, or a description identifying the property by
3342 commonly used locators;

3343 C. A statement that the director has found the named person to have committed a
3344 civil code violation and a brief description of the violation or violations found;

3345 D. A statement of the specific provisions of the ordinance, resolution, regulation,

3347 being violated;

3353 property in the ((King County office of)) records and ((elections)) licensing services

3356 all required permits to perform the corrective action must be obtained from the proper
3357 issuing agency;

3358 I. A statement advising that, if any required work is not commenced or completed
3359 within the time specified by the notice and order, a director may

3360 proceed to abate the violation and cause the work to be done and charge the costs thereof
3361 as a lien against the property and as a joint and several personal obligation of any persons
3362 responsible for code compliance;

3363 J. A statement advising that, if any assessed penalty, fee or cost is not paid on or
3364 before the due date, a director may charge the unpaid amount as a lien against the

3367 for code compliance;

3368 K. A statement advising that any person named in the notice and order or having

3373 and order could lead to the denial of subsequent King County permit applications on the
3374 subject property;

3375 M. A statement advising that a failure to appeal the notice and order within the
3376 applicable time limits renders the notice and order a final determination that the

3378 and that the named party is liable as a person responsible for code compliance; and

3379 N. A statement advising the person responsible for code compliance of his or her
3380 duty to notify the director of any actions taken to achieve compliance with the notice and

3394 are each hereby amended to read as follows:

3395 A. Whenever there is new information or a change in circumstances, a director

3397 supplemental notice and order. The supplemental notice and order shall be governed by
3398 the same procedures applicable to all notice and orders contained in this title.

3399 B. A director may revoke or modify a notice and order issued under this title if
3400 the original notice and order was issued in error or if a party to an order was incorrectly
3401 named. The revocation or modification shall identify the reasons and underlying facts for
3402 revocation and shall be recorded with the ((King County)) records and ((elections))
3403 licensing services division, or its successor agency.

3428 are each hereby amended to read as follows:

3429 A. No lien created by this title binds the property subject to the lien for a period
3430 longer than three years after the lien claim has been recorded, unless an action to enforce
3431 that lien is commenced in the proper court within three years after the recording.

3432 B. When all penalties or abatement costs, or both, assessed against the property

3437 SECTION 107. Ordinance 3688, Section 409(4), as amended, and K.C.C.
3438 25.16.120 are each hereby amended to read as follows:

3439 Any pier, moorage, float or launching facility authorized by K.C.C. 25.16.090
3440 through 25.16.140 shall be subject to the following conditions:

3441 A. No structure may be located nor extend further waterward of the ordinary high
3442 water mark than one-fourth the total distance from the shoreline associated with the
3443 structure to the opposite shoreline. This total distance shall be measured from the point
3444 where the authorized structure abuts the ordinary high water mark to the nearest opposite
3445 high water mark as measured along a straight line; provided, when the structure does not
3446 abut the ordinary high water mark, the distance from one ordinary high water mark to the
3447 opposite ordinary high water mark shall be measured along the shortest straight line
3448 passing through the center of that structure which commences from the property
3449 associated with such a structure.

3450 B. No covered pier, covered moorage, covered float, or other covered structure is
3451 permitted waterward of the ordinary high water mark, except that submerged, free-
3452 standing mechanical boat lifts associated with single-family residential piers and

3467 closer than fifteen feet from the side property line extended, except that such structures
3468 may abut property lines for the common use of adjacent property owners when mutually
3469 agreed to by the property owners in a contract recorded with the ((King County division
3470 of)) records and ((elections)) licensing services division, a copy of which must
3471 accompany an application for a building permit or a shoreline permit; such joint use piers
