GRACE WILSON TRUST

10885 Northeast Fourth Street, #1400
Bellevue, Washington 98004

Location of Property: 29412 Southeast 424th Street
Enumclaw, Washington

SUMMARY OF RECOMMENDATIONS:

Department's Preliminary:	Approve 17.10 acres for 30% of market value
Department's Final:	Approve 17.10 acres for 30% of market value
Examiner:	Approve 17.10 acres for 30% of market value (with conditional allowance of further reduction to 10% administratively)

PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E07CT058 was received by the Examiner on February 8, 2008.

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E07CT058 was held by the Examiner on February 27, 2008, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes.

A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. **General Information:**

Owner: Grace Wilson Trust

Location: 29412 Southeast 424th Street

PBRS categories requested/proposed: **Open space resources**
 Active or passive recreation area
 Aquifer protection area
 Forest stewardship land
 Rural open space
 Significant wildlife or salmonid habitat
 Watershed protection area

Bonus category
 Unlimited public access

Categories recommended: **Open space resources**
 Active or passive recreation area (conditional)
 Aquifer protection area
 Forest stewardship land (conditional)
 Rural open space
 Significant wildlife or salmonid habitat
 Watershed protection area

Bonus category
 Unlimited public access (conditional)

COMMENT: 18.00 acres are currently participating in the PBRS program. DNRP staff initiated this application through a proposal to the landowner (see Exhibit no. 9) to recommend award of additional PBRS resource categories. Resources were proposed by staff and were concurred in by the Applicants, for a slightly reduced acreage. Any agreement executed pursuant to this recommendation should state that it is superseding any previous PBRS participation agreement for this property.

STR: NW 17-20-07
 Zoning: A-35
 Parcel no.: 172007-9007
 Total acreage: 20.46 acres
 Recommended PBRS: 17.10 acres

(The land area recommended for PBRS enrollment is the entire parcel less the necessarily excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the February 27, 2008, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2009. Notice of the application was given as required by law.
4. The property, which is already enrolled in the PBRS open space taxation program, is found to contain additional priority open space resources and is now eligible for a total award of 20 points pursuant to the King County Public Benefit Rating System for 17.10 acres of the property. The resulting current use value therefore would be 30% of market value for 17.10 acres.
5. Credit may be awarded administratively for the active or passive recreation area category (letter of use by user groups must be submitted documenting use of horse riding trails running along a power line easement to the east); the forest stewardship land category, provided that a forest stewardship plan is submitted by June 1, 2008 and approved and implemented by July 1, 2008; and the public access – unlimited access category for the public to access horse riding trails (again, demonstrated by acceptable documentation of use). Award for one or two of these categories would increase the total point award to 25 or 30 points, respectively, and increase the reduction to 80%. If credit is awarded for all three categories, the total point award would increase to 35 and the reduction would increase to 90%.

CONCLUSIONS:

1. Approval of current use valuation of 30% of market value (or as low as 10% if approved as noted in Finding no. 5 above) for 17.10 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. As the property is currently enrolled in the program, any agreement executed pursuant to approval of the application should be worded to supersede any previous PBRS participation agreement for the property.

RECOMMENDATION:

APPROVE current use valuation of 30% (or as low as 10% if approved as provided below) of market value for 17.10 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the February 27, 2008 public hearing, and the following additional conditional allowance of approval:

- A. Credit may be awarded administratively under the active or passive recreation area, forest stewardship land, and public access – unlimited access categories, as stated in Finding no. 5 above. Award for one or two of these categories would increase the total point award to 25 or 30 points, respectively, and increase the reduction to 80%. If credit is awarded for all three categories the total point award would increase to 35 and the reduction would increase to 90%.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED March 27, 2008.

King County Hearing Examiner

At that meeting, the Council

may adopt the Examiner's recommendation, may defer action, may refer the matter to a Council committee, or may remand to the Examiner for further hearing or further consideration.

Action of the Council is final.
