PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E07CT036 was received by the Examiner on February 19, 2008.

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

STR:	SE 08-22-03	
Zoning:	RA-5	RA-2.5
Parcel nos.:	082303-9029	082203-9079
Total acreage:	7.90 acres	2.07 acres
Recommended PBRS:	4.83 acres	0.85 acres

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the March 5, 2008, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.

3. Timely application was made to King County for current use valuation of the subject property to begin in 2009. Notice of the application was given as required by law.
4. The property contains priority open space resources and is eligible for a total award of 20 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 30% of market value for 5.68 acres of the property.
5. Additional credit may be awarded administratively for either the forest stewardship land category or rural stewardship land category, dependent upon:
 - A. Applicant submittal of a forest stewardship plan by August 1, 2008, and subsequent approval and commencement of implementation by September 1, 2008.

or

 - B. Applicant submittal of a rural stewardship plan by August 1, 2008, and approval and implementation by September 1, 2008.

(Credit may not be granted for both of these categories)

Credit for either of these categories would increase the point total to 25 and would adjust the current use valuation for the enrolled portion of the property to 20% of market value.

CONCLUSION:

1. Approval of current use valuation of 30% of market value (or 20% if approved as noted in Finding no. 5 above) for 5.68 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 30% of market value (or 20% if approved as noted below) for 5.68 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the March 5, 2008 public hearing.

- A. Credit may be awarded administratively for either the forest stewardship or rural stewardship category. Award of either category would result in a current use valuation of 20% for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED April 21, 2008.

King County Hearing Examiner
