PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E07CT024 was received by the Examiner on March 18, 2008.

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E07CT024 was held by the Examiner on April 2, 2008, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owner:	Anita Ramirez
Location:	336xx SE 348th Street
PBRS categories requested/proposed:	Open space resources Farm and agricultural conservation land Significant wildlife or salmonid habitat Special animal site Surface water quality buffer
Categories recommended:	Open space resources Buffer to public land* Forest stewardship land Rural open space Significant wildlife or salmonid habitat* Surface water quality buffer area Bonus category Additional surface water quality buffer area
STR:	SE 22-21-07
Zoning:	F
Parcel no.:	222107-9030
Total acreage:	20.00 acres
Recommended PBRS:	15.25 acres

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

*The 1.75 acre area outlined in blue on the ortho map (attached to exh. no. 4) is only eligible under these categories.

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the April 2, 2008, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2009. Notice of the application was given as required by law.

4. The property contains priority open space resources. 13.50 acres are eligible for a total award of 28 points under PBRs. The 1.75 acre area outlined in blue on the ortho map (attached to exh. no. 4) is only eligible under the buffer to public land and significant wildlife or salmonid habitat categories for a total award of 8 points. The resulting current use valuation therefore would be 20% of market value for 13.50 acres of the property and 50% of market value for 1.75 acres.

CONCLUSION:

1. Approval of current use valuation of 20% of market value for 13.50 acres of the property and 50% of market value for 1.75 acres pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 20% of market value for 13.50 acres of the subject property and 50% of market value for 1.75 acres subject to the conditions recommended in the Department of Natural Resources & Parks report for the April 2, 2008 public hearing.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED May 5, 2008.

King County Hearing Examiner
