PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E07CT046 was received by the Examiner on March 18, 2008.

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E07CT046 was held by the Examiner on April 2, 2008, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. **General Information:**

Owners:	James and Anna Simmons Stephen and Carol Wattenbarger
Location:	16758 – 466th Place SE and 47007 SE 162nd Street
PBRS categories requested/proposed:	Open space resources Aquifer protection area Buffer to public land Forest stewardship land Rural open space Significant wildlife or salmonid habitat Watershed protection area Bonus category Contiguous parcels under separate ownership
Categories recommended:	Open space resources Aquifer protection area Buffer to public land Forest stewardship land Rural open space Significant wildlife or salmonid habitat Watershed protection area Bonus category Contiguous parcels under separate ownership
STR:	NW 30-23-09
Zoning:	RA-5 and RA-10
Parcel nos.:	302309-9010 302309-9034
Total acreage:	10.02 acres 6.25 acres
Recommended PBRS:	9.02 acres 5.27 acres

(The land areas recommended for PBRS enrollment are the entire parcels less the excluded areas, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the April 2, 2008, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.

The following changes were made to the staff report at hearing:

- A. On page 6, conclusion no. 3 delete surface water quality buffer and additional surface water quality buffer categories (erroneous inclusion)
 - B. On page 6, total points are 25
 - C. On page 6, second comment section, 38 points is changed to 30 points
3. Timely application was made to King County for current use valuation of the subject properties to begin in 2009. Notice of the application was given as required by law.
 4. Parcel #302309-9010, which is presently enrolled in the Timberland current use taxation program, and parcel #302309-9034 are found to contain priority open space resources and eligible for a total award of 25 points pursuant to the King County Public Benefit Rating System. The resulting PBRS current use valuation therefore would be 20% of market value for 14.29 acres of the properties.
 5. Additional credit may be awarded administratively for the forest stewardship land category subject to Applicant submittal of a forest stewardship plan by July 1, 2008, and subsequent approval and commencement of implementation by August 1, 2008. Credit for this category would increase the total point award to 30, but there would be no change to the current use valuation.

CONCLUSIONS:

1. Approval of current use valuation of 20% of market value for 14.29 acres of the properties pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. As parcel #302309-9010 is presently enrolled in the Timberland current use program, any agreement executed pursuant to approval of the application should be worded to supersede any previous current use participation agreement for the property.

RECOMMENDATION:

APPROVE current use valuation of 20% of market value for 14.29 acres of the subject properties, subject to the conditions recommended in the Department of Natural Resources & Parks report for the April 2, 2008 public hearing and the following conditional allowance:

- A. Credit may be awarded administratively for the forest stewardship land category as stated in Finding no. 5 above. Award for this category would increase the point total to 30 but there would be no change to the current use valuation.
- B. Any agreement executed pursuant to approval of the application shall contain a provision that the agreement supersedes any previous current use participation agreement for the subject property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED May 5, 2008.

Peter T. Donahue
King County Hearing Examiner
