STR:	NE 03-22-06	
Zoning:	RA-5	
Parcel nos.:	032206-9054	032206-9084
Total acreage:	4.48 acres	4.52 acres
Recommended PBRS:	3.70 acres	4.00 acres

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the May 7, 2008, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2009. Notice of the application was given as required by law.
4. The property contains priority open space resources and is eligible for a total award of 15 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 40% of market value for 7.70 acres of the property.
5. Additional credit may be awarded administratively for the forest stewardship land category subject to Applicant submittal of a forest stewardship plan by September 2, 2008, and subsequent approval and commencement of implementation by September 30, 2008. Credit for this category would increase the total point award to 20 with a resultant current use valuation of 30% for the enrolled portion of the property.

#### CONCLUSION:

1. Approval of current use valuation of 40% of market value (or 30% if approved as noted above in Finding no. 5) for 7.70 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

#### RECOMMENDATION:

APPROVE current use valuation of 40% of market value (30% if approved as noted below) for 7.70 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the May 7, 2008 public hearing and the following conditional allowance:

- A. Credit may be awarded administratively for the forest stewardship land category as stated in Finding no. 5 above. Award for this category would increase the point total to 20 and result in a

current use valuation of 30% for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED June 3, 2008.
