10 PREAMBLE:

11 The King County council is the policy-determining body for the county
12 and the King County executive is the chief executive officer of the county.

13 In their respective powers, the executive proposes the annual budget and
14 the council adopts appropriations and revenues for the year.

15 The council and the executive share a goal of enhancing the detail
16 contained within the annual budget and annual budget ordinance, in order
17 to improve the information available to the public. The legislative and

18 executive branches will cooperatively work towards a budget document
19 that, by 2010, will present the budget at greater levels of detail identified
20 in this ordinance, and, by 2011, will be fully revised to be a model
21 document of publicly transparent budgeting, reflecting the newly defined
22 sections with comparative data from the previous year. The enhanced
23 level of detail in the annual budget will lead to increased transparency and
24 oversight of county spending.

574 subsection, "current expense appropriations" include all noncapital budget appropriations.

575 b. An appropriation in the capital budget appropriations authorization shall be
576 canceled at the end of the fiscal year or biennium, unless the executive submits to the
577 council the report of the final year end reconciliation of expenditures for all capital projects
578 on or before March 1 of the year following the year of the appropriation, and each year
579 thereafter in which the appropriation remains open.

580 5.a. Except as otherwise provided in this subsection B.5. of this section, no
581 agency shall expend or contract to expend any money or incur any liability in excess of the
582 amounts appropriated. Any contract made in violation of this section shall be null and
583 void; any officer, agent or employee of the county knowingly responsible under such a
584 contract shall be personally liable to anyone damaged by this action. The council when
585 requested to do so by the executive may adopt an ordinance permitting the county to enter

586 into contracts requiring the payment of funds from appropriations of subsequent fiscal

588 subsection B.6. of this section.

589 b. The term of a lease or agreement for real or personal property shall not extend
590 beyond the end of a calendar year unless:

592 appropriation ordinance, though any lease or agreement for real property longer than a
593 cumulative total of two years shall require council approval by ordinance;

594 (2) such a lease or agreement includes a cancellation clause under which the
595 lease or agreement may be unilaterally terminated for convenience by the county and costs
596 associated with such termination for convenience, if any, shall not exceed the appropriation
597 for the year in which termination is effected, though any decision to continue any lease or
598 agreement for real property beyond a cumulative total of two years shall require council
599 approval by ordinance; or

600 (3) such a lease or agreement is authorized by ordinance for such periods and
601 under such terms as the county council shall deem appropriate.

602 c. Real property shall not be leased to the county for more than one year unless it
603 is included in a capital appropriation ordinance.

604 d. Nothing in this section shall prevent the making of contracts or the spending
605 of money for capital improvements, or the making of contracts of lease or for service for a
606 period exceeding the fiscal period in which such a contract is made, when such a contract is
607 permitted by law.

608 6. The executive may enter into contracts to implement grants awarded to the
609 county before the appropriation of grant funds, including appropriations that must be made
610 in future years, if the council has received prior notice of the grant application and if either
611 of the following conditions are met: all of the funds to be appropriated under the contract
612 will be from the granting agency; or all financial obligations of the county under the
613 contract are subject to appropriation.

614 NEW SECTION. SECTION 4. There is hereby added to K.C.C. chapter 4.04 a
615 new section to read as follows:

619 identified in the budget detail plan for that section and shall a submit an additional report
620 for each additional ten percent expended over that amount. The report shall, for those
621 sections, list amounts expended with descriptions by object of expense, and describe the
622 reasons and necessity for diverging from the section's budget detail plan. Three paper
623 copies of the report and one electronic copy must be submitted to the clerk of the council
624 within five business days of the end of the month in which the excess spending as

The Honorable Dow Constantine
Chair, King County Council
Room 1200
COURTHOUSE

Dear Councilmember Constantine:

Today I signed into law Ordinance 16445 – the budget transparency ordinance. As you know, this ordinance is the culmination of a significant amount of work by both the Executive and Legislative branches of county government. The Office of Management and Budget is beginning the extensive amount of work that will be required to implement this ordinance and is preparing to take the steps necessary to transmit the 2010 Executive Proposed Budget under this new approach.

As we discussed throughout the development of this ordinance, this is the first time we have created these sections, and changes could be likely as we learn more. Some changes to the section outlines will be required as we work through the implementation details of this ordinance. We have realized that we will need to make some changes to the sections as defined in Ordinance 16445 in order to clearly and transparently communicate agency budget detail. The agencies that will need change include the Department of Community and Human Services, the Seattle-King County Department of Public Health, and the Water and Land Resources Division. There may be others. We are currently working with agencies to optimize the total number of sections and still comply with the intent of Ordinance 16445. We will present any changes in the section structure for these agencies with the 2010 Executive Proposed Budget, following the mechanisms defined in the ordinance. As my staff discussed with County Council staff during the negotiations around this ordinance, budget situations can evolve as the year unfolds, necessitating changes in section structures as part of the budget. The changes described here are in line with this theme.

The Honorable Dow Constantine

I thank the council for their work in passing Ordinance 16445 and look forward to presenting the 2010 budget in this format.

Sincerely,

for Ron Sims
