PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E08CT022 was received by the Examiner on February 17, 2009.

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E08CT022 was held by the Examiner on March 4, 2009, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington. Supplemental information regarding the watershed protection area category received from DNRP on March 20, 2009, was admitted and considered.

STR: SE 15-22-03

Zoning: RA-10

Parcel no.:	152203-9038	152203-9100	152203-9101
Total acreage:	9.77 acres	4.70 acres	10.09 acres
Recommended PBRS:	9.77 acres	4.28 acres	10.09 acres

Parcel no.:	152203-9109	152203-9110
Total acreage:	5.02 acres	0.73 acres
Recommended PBRS:	3.43 acres	0.73 acres

- (The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the March 4, 2009, public hearing and testimony regarding the Vashon trail system are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
 3. The DNRP staff report correctly listed the buffer to public land category as a category requested by the Applicants but failed to address this category in its recommendations. By follow-up communication, the staff report was in effect revised to reflect the qualification of the property for the buffer to public land category and the award of 5 additional points. Award of these additional points will increase the total point award to 40 but will have no effect on the current use valuation of the enrolled portion of the property.
 4. The subject property is currently enrolled in the farm and agriculture open space program. Timely application was made to King County for PBRS current use valuation of the property to begin in 2010. Notice of the application was given as required by law.
 5. The Applicants have submitted a King Conservation District-approved farm management plan and therefore award under the farm and agricultural conservation land category is merited. The Applicants should note that the plan must be implemented in order to maintain eligibility under this category. If the plan is not implemented, the farmed acreage will be subject to removal from the program.
 6. Award under the watershed protection area category is given if "the enrolling forested area...consist[s] of an additional fifteen percent of forest cover beyond that required by county...regulation." [KCC 20.36.100.A.20] The property has not been shown to qualify by providing forest cover substantially in excess of currently effective regulations. Nevertheless, award should continue to be granted based on the clearing limits of KCC 16.82.150 effective prior to its recent judicial invalidation. Even though that regulatory basis of award consideration has been undercut by the invalidation, the established award structure was in part predicated on its effectiveness, and the policy principle behind the award structure remains and should be respected as intended. The principle is that forest cover is valuable for watershed protection and is eligible for PBRS award if its area is substantially over and above the base expressed as the minimum value, whether expressed by the prior regulation or by any regulations which are currently effective.
 7. The property contains priority open space resources and is eligible for a total award of 40 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 10% of market value for 28.30 acres of the property.
 8. Additional credit may be awarded administratively for the forest stewardship land category, subject to Applicant submittal of a forest stewardship plan by July 1, 2009, and subsequent approval by September 1, 2009, for a minimum of 4 acres of contiguous forest. Credit for this

category would increase the total point award by 5 points with no direct effect on the current use valuation for the enrolled portion of the property.

CONCLUSION:

1. Approval of current use valuation of 10% of market value for 28.30 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 10% of market value for 28.30 acres of the property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the March 4, 2009 public hearing and the following conditional allowance:

- A. Credit may be awarded administratively for the forest stewardship land category as stated in Finding no. 8 above. Award for this category would increase the point total by 5 points but would have no direct effect on the current use valuation for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED APRIL 2, 2009.

King County Hearing Examiner

At that meeting, the Council may adopt the Examiner's recommendation, may defer action, may refer the matter to a Council committee, or may remand to the Examiner for further hearing or further consideration.

Action of the Council is final. The action of the Council on a recommendation of the Examiner shall be final and conclusive unless within twenty-one (21) days from the date of the action an aggrieved party or person applies for a writ of certiorari from the Superior Court in and for the County of King, State of Washington, for the purpose of review of the action taken.
