1217 – 2nd Avenue North
Seattle, Washington 98109

Location of Property: 15251 SE Green Valley Road

SUMMARY OF RECOMMENDATIONS:

Department's Preliminary:	Approve 6.82 acres for 20% of market value
Department's Final:	Approve 6.82 acres for 20% of market value
Examiner:	Approve 6.82 acres for 20% of market value

PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E08CT136 was received by the Examiner on April 23, 2009.

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E08CT136 was held by the Examiner on April 29, 2009, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes.

A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owner: John & Arlene Carpenter

Location: 15251 SE Green Valley Road, Auburn

PBRS categories requested: **Open space resources**
 Farm and agricultural conservation land
 Shoreline: conservancy environment
 Significant wildlife or salmonid habitat
Bonus categories
 Seasonally limited public access
 Easement and access

Categories recommended: **Open space resources**
 Aquifer protection area
 Buffer to public land
 Farm and agricultural conservation land
 Shoreline: conservancy environment
 Significant wildlife or salmonid habitat
 Surface water quality buffer

STR: NW 26-21-05
 Zoning: A-10
 Parcel no.: 262105-9005
 Total acreage: 8.00 acres
 Recommended PBRS: 6.82 acres

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor’s official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. The subject property is currently enrolled in the farm and agriculture open space program. Timely application was made to King County for PBRS current use valuation of the property to begin in 2010. Notice of the application was given as required by law.
3. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report and testimony for the April 29, 2009, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.

4. The following changes were made to the DNRP staff report at hearing:
 - A. Page 5: Shoreline: conservancy environment section – change the first sentence to read, “The southwest portion of the...designated as a conservancy environment” rather than “The southwest portion of the...designated as a rural environment”; and change the last sentence to read, “Credit for this category is recommended” rather than “Credit for this category can not be recommended”.
 - B. Page 6: Section A.3 – change the point award for shoreline: conservancy environment to “5” from “0”; change the total point award to “28” from “23”; change the public benefit rating box to read, “For the purpose of taxation, 28 points results in 20%...” rather than “For the purpose of taxation, 23 points results in 20%...” Section B – change the first sentence to read, “Approve the request...with a Public Benefit Rating of 28 points...” rather than “Approve the request...with a Public Benefit Rating of 23 points...”
5. Rather than made contingent as recommended by DNRP, it is more appropriate that award under the qualifying aquifer protection area; buffer to public land; shoreline: conservancy environment; significant wildlife or salmonid habitat; and surface water quality buffer categories be conditioned upon cessation of off-road vehicle (e.g., “4x4”) use within the enrolled open space area and the control and removal of invasive vegetative species. Failure to comply with such condition will subject the enrolled area to reduction and/or adjustment of the tax valuation.
6. Subject to the condition noted below, the property contains priority open space resources and is eligible for a total award of 28 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 20% of market value for 6.82 acres of the property.

CONCLUSION:

1. Approval of current use valuation of 20% of market value for 6.82 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 20% of market value for 6.82 acres of the property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the April 29, 2009 public hearing and the following additional condition:

- A. Award of credit under the aquifer protection area; buffer to public land; shoreline: conservancy environment; significant wildlife or salmonid habitat; and surface water quality buffer categories is conditioned upon cessation of off-road vehicle (e.g., “4x4”) use within the non-farmland

enrolled open space area and the required control and removal of invasive vegetative species. This condition shall control over the more permissive invasive species removal language in recommended standard condition no. 7 of the DNRP report.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED MAY 8, 2009.

Peter T. Donahue
King County Hearing Examiner
