14 expansion of the Burien Transit Center and park-and-ride.

15 C. The Sound Transit board of directors called an election to approve local taxes
16 to implement ST2, which was approved by the electorate on November 4, 2008.

17 D. Both King County and Sound Transit operate bus service at the Burien Transit
18 Center, and both Sound Transit and the county have determined that it is in the public
19 interest for the county to construct and operate the expanded park-and-ride facility.

20 E. The King County Metro transit division completed the construction of a new
21 \$8 million transit center and off-street layover facility adjacent to the site of the proposed
22 expanded park-and-ride project in June 2009.

23 F. The chief executive officer of Sound Transit and the director of transportation
24 signed an agreement in principle on June 12, 2009, providing for Sound Transit to
25 contribute capital funding up to \$14.73 million to the county upon substantial completion
26 of a public transit park-and-ride facility that includes a structured parking garage with up
27 to five-hundred-three parking stalls.

28 G. The Sound Transit board of directors approved Resolution R2009-23 on
29 December 10, 2009, adopting the 2010 annual budget, which included funding for the
30 Burien Transit Center expansion project.

31 H. The King County council adopted Ordinance 16759 on February 16, 2010,
32 relating to transit-oriented development of a portion of the county-owned park-and-ride
33 lot in the city of Burien approving a ground lease of the site from the county to Alliance
34 Wasatch I, LLC, and a lease by Alliance Wasatch I, LLC, back to the county of a parking
35 garage to be constructed on the site, authorizing the county executive to execute final
36 forms of the ground lease and project lease and approving certain other provisions of the
37 lease/lease back transaction.

38 I. The King County council adopted Ordinance 16760 on February 16, 2010,
39 requiring that Sound Transit and King County enter into a binding agreement authorizing
40 payment by Sound Transit to King County of the \$14,730,000 for the project.

41 J. The county intends to enter into a lease/lease back development project with
42 Alliance Wasatch I, LLC, for the construction of an approximately five-hundred-three-
43 stall parking garage and possible future mixed used transit-oriented development project.

44 K. After substantial completion of the project, the county intends to exercise its
45 option to purchase the project and terminate the ground lease and project lease.

46 L. After the county has purchased the project, Sound Transit will transfer \$14.73
47 million to the county in accordance with the attached agreement.

48 M. At the request of Alliance/Wasatch I and their construction lender, the county
49 has negotiated revisions to the ground lease and project lease related to financing of the
50 construction of the garage.

52 authorized to execute an agreement with the Central Puget Sound Transit Authority, and
