STR:	SE 20-22-03		
Zoning:	RA-2.5		
Parcel no.:	202203-9121	202203-9126	202203-9127
Total acreage:	2.83 acres	4.53 acres	11.06 acres
Recommended PBRS:	1.85 acres	3.53 acres	10.77 acres

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area,

- which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
2. Parcel 202203-9126 is currently enrolled in PBRS under file no. E02CT018 and parcel 202203-9127 is enrolled in the forestland program. Timely application was made to King County for PBRS current use valuation of the property to begin in 2012. Notice of the application was given as required by law.
 3. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report and testimony for the July 29, 2010, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
 4. The property contains priority open space resources and is eligible for a total award of 33 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 20% of market value for 16.15 acres of the property.
 5. Additional credit may be awarded administratively under the conservation easement or historic easement category *subject to recording of an approved conservation easement by December 31, 2010*. Award of credit under this category would increase the point total by 15 points, and result in a current use valuation of 10% for the enrolled portion of the property.
 6. As noted, Parcel 202203-9126 is currently enrolled in PBRS and parcel 202203-9127 is enrolled in the forestland program. Any open space taxation participation agreement signed as a result of approval of this application shall therefore be worded to supersede any prior agreement(s) for the subject parcels.

CONCLUSION:

1. Approval of current use valuation of 20% of market value (10% conditionally) for 16.15 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 20% of market value (10% conditionally) for 16.15 acres of the property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the July 29, 2010 public hearing, the following conditional allowance, and the following additional condition:

- A. Additional credit may be awarded under the conservation easement or historic easement category as stated in Finding no. 5 above. Award of credit under this category will increase the point total by 15 points, resulting in a current use valuation of 10% for the enrolled portion of the property.

- B. Any open space taxation participation agreement signed as a result of approval of this application shall be worded to supersede any prior agreement(s) for the subject parcels.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED August 2, 2010.
