**PRELIMINARY REPORT:**

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E10CT009 was received by the Examiner on October 25, 2010.

**PUBLIC HEARING:**

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E10CT009 was held by the Examiner on Wednesday, November 3, 2010, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington. The hearing was continued administratively on call for receipt of further input from the Applicant and DNRP staff. The record closed November 8, 2010.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

**FINDINGS, CONCLUSIONS & RECOMMENDATION:** Having reviewed the record in this matter, the Examiner now makes and enters the following:

**FINDINGS:**

1. **General Information:**

Owner: Sean and Lynn Dillon

Location: 13314 – 446th Avenue SE

PBRS categories requested  
and staff proposed:

**Open space resources**

Aquifer protection area

Buffer to public land

Significant wildlife or salmonid habitat

Special animal site

Shoreline: conservancy environment

Shoreline: natural environment

Surface water quality buffer area

Watershed protection area

**Bonus Categories**

Resource restoration

Conservation/historic easement

Categories recommended:

**Open space resources**

Aquifer protection area

Buffer to public land

Significant wildlife or salmonid habitat

Watershed protection area

STR: NE 14-23-08

Zoning: RA-2.5

Parcel no.: 142308-9028

Total acreage: 11.19 acres

Recommended PBRS: 8.77 acres

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Timely application was made to King County for PBRS current use valuation of the property to begin in 2012. Notice of the application was given as required by law.
3. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report and testimony for the November 3, 2010, public hearing are found correct and are incorporated herein by reference.

Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.

4. Award under the watershed protection area category is given if “the enrolling forested area...consist[s] of an additional fifteen percent of forest cover beyond that required by county...regulation.” [KCC 20.36.100.A.20] The property has not been shown to qualify by providing forest cover substantially in excess of currently effective<sup>3</sup> regulations. Nevertheless, award should continue to be granted based on the clearing limits of KCC 16.82.150 effective prior to their judicial invalidation. Even though that regulatory basis of award consideration has been undercut by the invalidation, the established award structure was in part predicated on its effectiveness, and the policy principle behind the award structure remains and should be respected as intended. The principle is that forest cover is valuable for watershed protection and is eligible for PBRS award if its area is substantially (at least 15 percent) over and above the base expressed as the minimum value, whether expressed by the prior regulation or by any regulation which is currently effective.
5. The property contains priority open space resources and is eligible for a total award of 18 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 30% of market value for 8.77 acres of the property.

#### CONCLUSION:

1. Approval of current use valuation of 30% of market value for 8.77 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

#### RECOMMENDATION:

APPROVE current use valuation of 8.77 acres for 30% of market value of the property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the November 3, 2010 public hearing.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED November 15, 2010.
