**SUMMARY OF RECOMMENDATIONS:**

Department Final:	Approve 2.54 acres for 50% of market value (40% conditional for Section B – 1.51 acres)
Examiner:	Approve 2.54 acres for 50% of market value (40% conditional for Section B – 1.51 acres)

**PRELIMINARY REPORT:**

The DNRP Report on item no. E11CT001 was received by the Examiner on April 28, 2011. A revised DNRP Report was received on June 9, 2011.

**PUBLIC HEARING:**

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on May 18, 2011, in the King County Courthouse, 12th floor, Room W-1201, Seattle, Washington. The hearing was continued administratively for receipt of a revised DNRP final report on June 9, 2011; a further revised final report was received on September 15, 2011.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the Hearing Examiner.

**FINDINGS, CONCLUSIONS & RECOMMENDATION:** Having reviewed the record in this matter, the Examiner now makes and enters the following:

**FINDINGS:**

1. **General Information:**

**Owner:** John Vangolen

**Location:** 25837 Dockton Road SW, Vashon

**PBRs categories requested and staff-proposed:**

- Open space resources**
- Aquifer protection area
- Buffer to public or current use classified land
- Forest stewardship land
- Shoreline: conservancy environment
- Shoreline: natural environment
- Significant wildlife or salmonid habitat
- Special animal site
- Surface water quality buffer area
- Watershed protection area
- Bonus categories**
- Limited public access because of resource sensitivity
- Resource restoration

**Categories recommended:**

- Open space resources**
- Aquifer protection area (Section B only; see comment below)
- Significant wildlife or salmonid habitat
- Surface water quality buffer area (Section A only)
- Bonus categories**
- Resource restoration (Section B only)

**STR:** NW 29-22-03  
**Zoning:** RA-2.5  
**Parcel no.:** 205120-0292  
**Total acreage:** 5.55 acres  
**Recommended PBRs:** 2.54 acres

**COMMENT:** the portions of the property eligible for enrollment have been delineated as Section A (northwesterly portion) and Section B (southerly portion) due to their separation by the excluded portion of the property.

(The land area recommended for PBRs enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRs acreage shall be administratively adjusted to reflect that change.)

2. Timely application was made to King County for PBRS program current use valuation of the property to begin in 2013. Notice of the application was given as required by law.
3. Except as modified herein, the facts set forth in the revised DNRP Final Report and testimony in the May 18, 2011, public hearing are found correct and are incorporated herein by reference. Copies of the revised final department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
4. The property contains priority open space resources and is eligible for a total award of 10 points for Section A and 10 points for Section B under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 50% of market value for 1.03 acres of Section A and for 1.51 acres of Section B, for a total of 2.54 acres at 50% of market value.
5. Additional credit may be awarded administratively under the resource restoration category for Section B only subject to *submittal of a resource restoration plan by January 3, 2012, and plan approval by February 15, 2012*. Award of credit under this category would increase the point total for Section B by 5 points and result in a current use valuation of 40% for the Section B enrolled portion of the property.

**CONCLUSION:**

1. Approval of current use valuation of 50% of market value for 1.03 acres of Section A and 50% of market value for 1.51 acres of Section B pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

**RECOMMENDATION:**

APPROVE current use valuation of 50% of market value for 1.03 acres of Section A and 50% of market value for 1.51 acres of Section B, subject to the conditions recommended in the DNRP report and the following conditional allowance:

- A. Credit may be awarded administratively under the resource restoration category for Section B as noted in Finding no. 5 above. Award of credit under this category would increase the point total for Section B by 5 points and result in a current use valuation of 40% for the Section B enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED October 12, 2011.
