513 identified in the financial plan submitted with the executive's 2011 proposed budget
514 ordinance; (2) provides resources for the anticipated costs for the transfer system upgrade
515 as described in the solid waste management and transfer system plan, assuming the
516 current term of interlocal agreements with cities; (3) avoids committing the county to

517 defeasement of bonds beyond the period of contracted participation in the regional solid
518 waste system by regional partners; (4) compares rates to the levels of other major
519 regional waste generators; (5) identifies any needed adjustments to the 2011 adopted
520 solid waste budget to address the anticipated conflicts in available revenues and
521 anticipated capital costs associated with the proposed transfer system upgrade described
522 in the solid waste management and transfer system plan; and (6) preserves options for
523 means of eventual waste disposal upon closure of the Cedar Hills landfill. The proposal
524 should include a rate study supporting the proposed rate adjustment and a proposed
525 ordinance providing for adoption of the proposed rate adjustment.

526 The executive must file the rate study and proposed rate adjustment ordinance
527 required to be submitted by this proviso by March 30, 2011, in the form of a paper

Footnote

¹Ordinance 16445 requires that the Executive submit a report to the Council when expenditures within a budget transparency section exceed 15 percent of the amount identified in Attachment I. In 2011, the second year of implementation of ordinance 16445, the Executive will again (consistent with 2010) submit reports based on departmental variances of 15 percent from the adopted Attachment I values entered into the accounting/financial system adjusted for payroll reconciliation (COLAs, merit pay increases). Reporting based on a comparison with those values would not necessarily identify all variances of 15 percent from the adopted Attachment I values. Therefore Council staff are working with Executive staff to determine how best to capture that information to meet the ordinance requirements.
