Ordinance 17437

Proposed No. 2012-0419.1

Sponsors Hague

1 AN ORDINANCE relating to solid waste recycling and
2 transfer station projects; requiring the analysis of
3 alternative procurement methods for the design and
4 construction of new projects.

5 STATEMENT OF FACTS:

- 6 1. The solid waste division of the department of natural resources and
7 parks is planning for the design and construction of new recycling and
8 transfer stations in northeast King County and south King County, as part
9 of the Solid Waste Transfer and Waste Management Plan, adopted by
10 council in 2007.
- 11 2. The county auditor has recommended broad consideration of
12 alternative procurement methods in the selection of contractors for the
13 design and construction of transfer station upgrade projects.
- 14 3. Certain procurement methods require that the council arrive at a
15 finding that the selected method is advantageous to the county.
- 16 4. The county desires to ensure that its capital projects best serve the
17 public interest and provide the best value to residents and businesses.

18 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

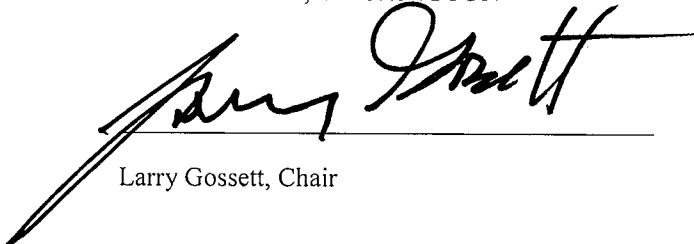

19 SECTION 1. Any new solid waste recycling and transfer station capital
20 development project following the Factoria recycling and transfer station capital
21 development project that is included as part of the Solid Waste Transfer and Waste
22 Management Plan, shall include a procurement process that includes preparation of a
23 report containing a complete review of all major procurement methods, following site
24 selection and environmental assessment work, and before proceeding with site or facility
25 design. The executive should analyze at least the following procurement methods:
26 competitive negotiated procurement under chapter 36.58 RCW; traditional public works
27 bidding; developer-delivered, with and without private financing; and design-build. For
28 each method analyzed, the executive shall evaluate projected costs, benefits, schedule,
29 project features and overall ratepayer value for the design and construction of the project.
30 The executive shall provide the completed analysis to the council in the form of a report
31 before proceeding with site or facility design. A paper copy and electronic copy of the

32 report shall be filed with the clerk of the council, who shall distribute electronic copies to
33 all councilmembers.
34

Ordinance 17437 was introduced on and passed by the Metropolitan King County Council on 10/15/2012, by the following vote:

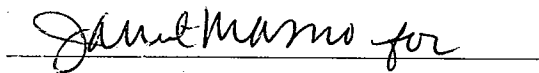

Yes: 8 - Mr. Phillips, Mr. von Reichbauer, Mr. Gossett, Ms. Hague, Ms. Patterson, Ms. Lambert, Mr. Ferguson and Mr. Dunn
No: 0
Excused: 1 - Mr. McDermott
