Ordinance 17821

Proposed No. 2014-0155.1

Sponsors Dembowski and Dunn

1 AN ORDINANCE approving the Soos Creek Water &
2 Sewer District Sewer Comprehensive Plan.

3 STATEMENT OF FACTS:

4 1. King County has adopted K.C.C. chapter 13.24, which requires
5 approval of comprehensive plans for sewer utilities that provide service in
6 unincorporated King County as a prerequisite for operating in
7 unincorporated King County, receiving approval for annexation proposals,
8 being granted right of way franchises, and being given approval for right
9 of way construction permits. Title 57 RCW and K.C.C. chapters 13.24
10 and 28.84 prescribe the requirements for approval of such plans, including
11 consistency with state and local planning requirements.

12 2. The district's last sewer system plan was prepared in 2005. Both
13 Washington state Department of Ecology and King County regulations
14 require sewer system plans to be updated as needed.

15 3. The district's service area is within King County and the district has
16 adopted a sewer system plan update ("the plan").

17 4. King County has adopted a Comprehensive Plan that includes
18 wastewater policies in its provisions for facilities and services (policies F-

19 214, and F-255 through F-264) that call for consistency with other adopted
20 plans, pursuit of reclaimed water, and protection of water resources.

21 5. K.C.C. chapter 13.24 requires the utilities technical review committee
22 to review and make a recommendation to the King County executive and
23 council on the plan, the requirements under K.C.C. chapter 13.24 and
24 consistency with the King County Comprehensive Plan. The utilities
25 technical review committee has reviewed the planning data and district
26 operations and has found:

27 a. The plan uses population and employment forecasts developed by the
28 Puget Sound Regional Council and acknowledges the housing and job
29 growth targets adopted by the Growth Management Planning Council for
30 the district's service area;

31 b. Portions of the district's service area are in unincorporated King
32 County;

33 c. The capital facility plan is adequate to meet anticipated facility and
34 service needs;

35 d. The plan is consistent with applicable Washington state water quality
36 laws; and

37 e. The plan is consistent with other pertinent county adopted plans and
38 policies.

39 6. Washington state Department of Ecology approval is pending upon
40 King County's approval of the plan.

41 7. Under the state Environmental Policy Act the district issued a
42 Determination of Nonsignificance for the issuance of the plan on
43 February 6, 2013. There were no appeals.

44 8. The district's operations and facilities meet multiple existing statutory,
45 administrative and planning standards. As the district's operations,
46 facilities and planning meet the requirements of the King County Code,
47 and are consistent with the King County Comprehensive Plan, the utilities
48 technical review committee has recommended approval of the plan.

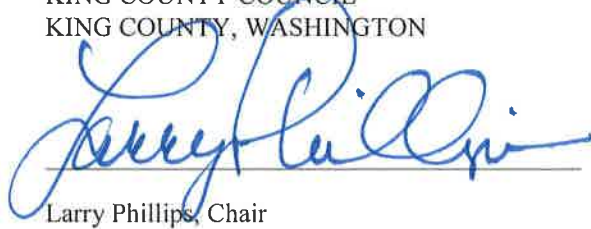

49 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

50 SECTION 1. The Soos Creek Water & Sewer District Sewer Comprehensive
51 Plan, Attachment A to this ordinance, is hereby approved as a sewer system plan.
