SUMMARY OF RECOMMENDATIONS:

Department's Recommendation:	Approve 4.41 acres for 30% of market value
Examiner's Recommendation:	Approve 4.41 acres for 30% of market value

PRELIMINARY REPORT:

On January 21, 2016, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E15CT021 to the Examiner.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on February 3, 2016, in the Horiuchi Conference Room 12th Floor, King County Courthouse, 516 Third Avenue, Seattle, Washington.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS, CONCLUSIONS AND RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owner:	Venlin Joseph Chan 16338 140th Place NE Woodinville, WA 98072
Location:	16338 140th Place NE, Woodinville
STR:	NE 15-26-05
Zoning:	RA 2.5SO
Parcel no.:	1526059089
Total acreage:	11.41 acres

2. The Applicant timely filed an application to King County for PBRs program current use valuation of the property to begin in 2017. As required by law, notification of the application occurred.
3. A summary of relevant PBRs categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strickethrough~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any **asterisks** represent a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRS categories:	<u>Open Space Resources</u>	
	Aquifer protection area	5
	Forest stewardship land	*
	Historic landmark or archaeological site: eligible site	
	Rural open space	
	Rural stewardship land	
	Significant plant site or ecological site	
	Significant wildlife or salmonid habitat	5
	Special animal site	
	Surface water quality buffer	5
	Urban Open Space	
	Watershed protection area	
	<u>Bonus Categories</u>	
	Resource restoration	
	Additional surface water quality buffer	5
	Environmental education access	
	Easement and access	
		<hr/> 20

The DNRP-recommended score of 20 points results in a current use valuation of 30% of market value for the enrolled portion of the property. Additional credit may be awarded administratively under the forest stewardship land category subject to approval of a forest stewardship plan by **July 29, 2016**. Award of credit under this category would increase the point total by 5 points, resulting in a current use valuation of 20% of market value for the enrolled portion of the property.

4. As to the land area recommended for PBRS enrollment, the Applicant requested 5.00-6.00 acres and DNRP recommends 4.41 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in the DNRP preliminary report and testimony at the February 3, 2016, public hearing are correct and incorporated herein by reference. Copies of this report and the department report will be provided to the Metropolitan King County Council for final approval.

CONCLUSION:

1. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 20 points and a current use valuation of 30% of market value for 4.41 acres of the property and conditional approval of 5 additional points (which would bring the total to

25 points and 20% of market value for 4.41 acres of the property), is consistent with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

1. APPROVE current use valuation of 30% of market value for the 4.41-acre enrolled portion of the property.
2. CONDITIONALLY APPROVE additional credit under the forest stewardship land category, to be awarded administratively, if a forest stewardship plan is approved by July 29, 2016. This would result in a current use valuation of 20% of market value for the 4.41-acre enrolled portion of the property.
